White Man unite, unite to save your nation
America, for which we fought and toiled
Our racial enemies swarm 'round us in elation
The snake of Zion has us in its coils.

The White Man has the right to his own Nation
On this his land, his Banner stands unfurled
He will not give it up to Jewish speculation
He will not see it into darkness hurled.

The Day's at hand, the Day of Liberation
For the White Man, the Leader of the World
To cut the golden chains of alien domination
The Swastika becomes our mighty sword.

Our Race commands we join this great formation
No man can face his enemies alone
When White tribes forge themselves into a single Nation
We'll have the might to protect our dear homes.

The White Man stands confused upon the hour
Until he sees the Banner we've unfurled
Now he knows Victory's the Future of White Power
We march with our White comrades 'round the world.

The White Man's Race is truly his great Nation
With White Power he comes into his own
No more victim of artificial separation
Whole continents he now can call his own.

THIS MONTH'S COVER

An Editorial by Eric Campbell

Most of us who are concerned with the achievement of a racial renaissance for White America are like boxers who have to watch their opponents for every possible advantage in the exchange of blows. Thus, our eyes no longer see the bright future, the brave new world (in its true, not its Huxlian sense) which is just visible when we look over our racial enemy's rounded shoulders, for it is he, the Zionist enemy, who bars the pathway of our race's progress toward this brave, new world.

Thus it is that we of the White Power Movement are determined to win, because we are fighting for a future which is worth living, not for a past which is irretrievably dead and gone. The members of a young White family are shown standing upon the firm grounding of their racial past, having just accomplished the mighty task of racial house-cleaning. They stand before the dustbin of history which they have filled with the rubbish of alien domination: the banners of perverted, filthy ideologies, the broken toys of the war profiteers and the obscene bits of paper and metal issued by the Jew moneylenders who defiled the temple of our body politic with their satanic debt-bondage. In fitting homage, a rat sniffs the flag of Israel, the bandit state most loved by rats of all sizes.

From this White couple and their child flow the rays of racial sunlight, our hope for the future, the dawn of a new, star-reaching civilization.

WHITE POWER — THE ONLY WAY!

NS ORGANIZING on the local level

by Harold A. Covington

Perhaps the most potent weapon in the Movement's arsenal is the local organizer. The eventual victory of National Socialism depends, in the final analysis, on the development of strong grass- roots support among the White majority. Only a certain amount of this can come from national-level activity. Widely publicized National Socialist demonstrations, confrontations, court victories and the like can create a receptive and favorable mood, but in most cases this will be wasted unless a sharp local organizer can move in and transform vaguely pro-NS sentiments into revolutionary activism.

It is the clear-cut duty of everyone who professes faith in National Socialism to propagate this cause to the maximum extent of which he is capable. The purpose of this article is to discuss various techniques whereby the Movement may be promoted, and to point out some 'dos' and 'don'ts' for local organizing.

USEFUL TECHNIQUES

1) STICKERS. This is perhaps the simplest and easiest way to create interest in National Socialism and in your organization. In fact, there is really no excuse for any National Socialist NOT to carry a pack of stickers around with him. These handy little hell-raisers are small, easy to conceal, and quick to apply to any suitable surface.

In some areas there is a great likelihood of Jews, niggers, Reds and other such low-lifes picking stickers off and/or defacing them. There is very little that can be done about this other than constantly replacing them. The primary object of putting up the stickers in the first place is to get people to read your Party's address at the bottom, so they must of necessity be placed at an accessible height and distance.

However, in order to make things as difficult as possible for the sticker-pickers, care should be taken to affix them to a smooth, unbroken surface so they adhere properly. Some likely spots for stickers are lamp-posts, car bumpers and windshields, enemy posters and billboards, metal or glass doors and frontages, news- paper dispensers, vending machines, etc.

2) LEAFLETS AND NEWSPAPERS. Always carry a supply in your glove compartment or briefcase, and spread them around where they are likely to fall into White hands. Sometimes, in the case of newspapers, it's better to sell them outright, which will be discussed later on, but for now we'll talk about freebies.

Leaflets, small flyers, and little tract-type pieces are best for bulk distribution. Lengthy pamphlets or heavy ideological material should not be simply left around because nobody will take the time to sit and pore over them if they're in a hurry or thinking of other things, whereas light stuff can be casually glanced over and will (hopefully) leave a lingering impression of sorts, preparing the individual for the heavier stuff. Light material can be handed out or left lying around in laundromats, doctors' waiting rooms, bus stations (although you'll lose a lot to niggers), tract racks and bookstands, or stuffed under doors. Sneak them into books as markers or leave them on library shelves and tables.

WARNING: Do not place anything in a mailbox. Unless such material has the correct postage it is a Federal offense to do so, as you're cheating our niggerized

Post Office of it's 'rightful due.' If you're going to spend money on stamps to make it legal, you might as well mail the material and let the postman do the walking instead of you.

3) LETTERS TO THE EDITOR. It is always difficult to sneak any pro-NS material into the so-called 'legitimate' news media, and most larger papers will not print sympathetic letters or commentary at all. However, many smaller papers and publications will, on occasion, publish letters if they are not too radical and if they bear on some issue of the moment.

If there is a National Socialist unit operating in your area, ensure that each activity is followed with a concerted letter-writing campaign from your members. If an editor receives twenty or thirty sympathetic letters, he may feel enough of a vestigial sense of fairness to print one or two. A few obnoxious and anonymous 'hate Whitey' and 'hate goyim' letters, reviling not only National Socialists but the paper and the editor himself, might also get his journalistic dander up enough to give you a forum, and provide an eloquent contrast to your own calm, well-written letters.

NOTE: Make sure your letters ARE well-written. Liberal editors love to 'show up' us nasty old bigots by seizing upon misspelled words and bad grammar and identifying such with (sic), thus making the National Socialist writer look bad.

While we're on the subject, it's a good idea to keep a carbon or a recording wherever possible of anything you write or say to the news media. (Commander Rockwell always recorded his interviews.) This is so that if any glaring alteration or distortion appears in print, you can sue the publication or at least force a retraction. You may or may not succeed, but you'll make them wary of trying it again.

One more word regarding a letter-writing campaign: never sign names out of a telephone directory. Forgery is a criminal offense.

4) CALL-IN SHOWS. Almost every locality has one or more radio call-in shows within easy phoning distance. Much the same tactics can be used here as on a letter-writing campaign: when broadcast time rolls around, have the troops standing by, ready to start dialing. National Socialism touches on so many things and so many aspects of our life that just about anything can be twisted into an NS issue.

You don't need to restrict your comrades to one call, either. The author once got on the air three times on a call-in show on WAMU-FM in Washington, D.C., using different accents and intonations each time.

As with letters, care should be taken that pro-National Socialist callers are not too extreme or profane. In the first place, most stations have a fifteen-second to twenty-second lag in the broadcast time, thus allowing the moderator to cut off a caller if he gets too obscene or too uncomfortably to the point in his comments. Secondly, our enemies love to portray our love for our race as 'hate', our dedication as 'fanaticism', our grasp of suppressed truth as 'raving', and our revolutionary fervor as 'hysterical insanity'. If a caller comes on too strong, he or she can let passion overcome clear-headed reasoning and thus reinforce the stereotype. Keep calm, make your points simply and repititiously, and don't get lured into a long and tortuous debate where you risk getting tripped up by the guest or the moderator. Like a guerrilla raider, hit 'em hard then zip back out of reach by hanging up and letting the next comrade dial the station and get in his licks.

5) MAILING. There are advantages and disadvantages in mailing out introductory packets of material on your own.

On the pro side, you can reach a lot of people quickly. House-to house

distribution is time-consuming and tiring, especially when you get some householder who wants to have a long and pointless 'rap session' or some pot-bellied middle-aged poltroon with a John Wayne complex who wants to start a fight. Mailing is more efficient for major projects where you want to blanket a given area with material. It is ideal for women and elderly comrades who cannot be expected to brawl in the streets like the Stormtroops do. It is good for organizations just getting started who lack the personnel to do extensive person-to- person work.

On the other hand, there is the consideration that mailing has a very high wastage factor, because in this age of saturation advertising geared to the twelve-year-old mentality most people automatically consign 'junk mail', political or otherwise, to the garbage can or the nearest goat. Merely mailing somebody a selection of National Socialist literature will not guarantee that he reads it. Mailing is also expensive---even third-class bulk rates nowadays are sky high. There is also a dangerous temptation to rely on mailing too heavily, as it lacks the hassles and the danger of personal 'mission work'.

Mailing, used selectively, can produce good results. Don't rely on it, but don't neglect it, either.

6) DIRECT DISTRIBUTION AND SALE. Undoubtedly the best method of spreading the word.

When you sell newspapers or material as opposed to giving it away, you recover your operating costs and cut wastage to near-zero. No one will fork over his shekels unless he is interested in what you have to say. Nor should you neglect to reap at least a small profit on the transaction, and thus help your organization financially as well as propaganda-wise.

If you have a uniformed ST formation, you should use these to conduct street sales whenever possible. Not only do squared away ST uniforms look good on the street, but with a little luck you can provoke an attack from kikes, coons, or commies and thus get a little free publicity, and showing the Whites of your locality that there are at least a few men of their race who are prepared to face down the oncoming rabble hordes.

A word of caution: don't bite off anything you can't chew, and don't go looking for trouble unless you can handle it. In the racial struggle we are waging, we're going to take casualties, and I mean dead, maimed, and wounded White men. This is inevitable, for the price of freedom is blood. But, inevitable though these martyrdoms may be, a live National Socialist is still a lot more useful to the Movement than a dead martyr, and even if the results of a defeat on the pavement are not fatal, such an event inevitably lowers morale and gives a corresponding lift to the enemy's spirits, not to mention the inevitable bad publicity. The S.A. in Germany very seldom lost a street fight or a beer-hall battle, because they were tough, disciplined, dedicated, and as brave as lions. Make sure your Stormtroopers are the same. If you lack such men, then don't make the mistake of simply jamming every male supporter into a brown shirt, as some organizations do. You'll pay for it on the street, in blood and in lost prestige.

Once you do get into a street fight, don't be afraid to break bones, gouge eyes, and kick to the vital spots. Those niggers you're fighting lack all comprehension of 'fair play', and the hebes and Reds won't grant National Socialists such chivalrous consideration, so do some DAMAGE!

But I digress. Getting back to newspaper sales, one good method which can easily be adapted to your locality was worked out by the Los Angeles unit of the National Socialist White People's Party, back in the good old days before that organization's critical leadership deficiencies reduced it to its present hamstrung state. Sales teams consisted of six ST men, an ideal number, small enough to jam into a single vehicle, but large enough to handle any difficulties which might

arise. The troopers would select a busy freeway off-ramp, usually Wiltshire or Sunset Boulevard, and post one man on each corner of the first intersection, facing the oncoming traffic, plus two men on the traffic islands and median strip. Thus, motorists coming or going could pull over and buy a paper, and on a good morning the boys could unload a couple of hundred papers, plus pass out other material and often, invitations to the regular Saturday night meetings at the El Monte headquarters.

7) LIBRARY GAMES. One superior method with a very high yield is the practice of 'seeding' libraries. In my opinion, this technique is used far too little. If I had had the good fortune, back in my high school days when I was getting a dose of the joys of integration, to stumble upon a 'seeded' book or reference work, I would have entered the Movement much sooner than I did.

Anyone who becomes interested in National Socialism will obviously head for his local library to read up on the subject. From there, it is but a short step to contacting a National Socialist organization for more information. Books about National Socialism, Adolf Hitler, and the Third Reich should be given first priority, and pasted with a sticker or a written address, or a small leaflet as a book marker. Then come books on political science, the Ku Klux Klan, 'right-wing extremism', German history, etc.

Another sneaky trick is to sneak pro-National Socialist books onto the library shelves in the appropriate sections. With a little luck, the first time somebody brings the book to the check-out desk, some junior librarian will figure it's library property that somehow got onto the shelf without being classified, and type out a card catalog reference and other necessary documents, thus putting the book into the system permanently.

If your library will accept pro-NS works as a gift, then by all means load them up with material, free subscriptions to National Socialist publications, the lot. However, generally speaking, larger libraries are pretty sensitive to what is VERBOTEN, and will carry some works either in the restricted reference section or not at all.

8) GRAFFITI. An outstanding technique, but a bit risky.

Vandalism is illegal, and so we cannot officially encourage the spray-paint brigades. However, it cannot be denied that there is something highly morale-lifting about slogans appearing here, there, and everywhere, complete with a certain symbol we all know and dig.

WARNING: Do NOT, repeat, do NOT desecrate synagogues, Jewish cemeteries Jewish community centers, kosher delicatessens, etc.

There are several reasons for this. First off, it's illegal. Secondly, it's counterproductive, simply creating undeserved sympathy for the Jews and reenforcing all their baloney about being a poor, persecuted minority who just want to be left alone to eat their lox and do their quaint folk dances and be Fiddlers on the Roof. Thirdly, it puts the local Jews on battle alert, warning them of the presence of National Socialists in an area and perhaps shocking them into bringing their awesome money-power to bear on the emerging unit in crushing, possibly overwhelming force.

There is no point in needlessly stirring up a hornet's nest. Don't concentrate on enraging the enemy, concentrate on converting our own racial brothers and sisters to the Ideal of Adolf Hitler. There will be a time and a place for anti-Jewish activities, very late in the final stages of the Struggle, as a popular demonstration of Folkish repugnance for the Jew and all he stands for. But not now—so cool it.

Here are a few DO's and DON'Ts for public speaking, organizing, and general

activism:

DO: Go into interviews and public appearances prepared, with quick and snappy answers to the run of stock questions you know you will be asked. Experience will teach you what these are.

DON'T hem and haw and ramble and equivocate in a public speech or address. When somebody throws you a curve, don't stutter or look blank, SAY something, ANYTHING—don't stand there fumbling for words or looking embarassed.

DO be polite and friendly with reporters, all reporters. Jewish journalists interviewing National Socialists are often fascinated, like a rabbit with a snake, and you can capitalize on this. Blacks are generally totally dazed or revolutionary themselves, and the latter can 'relate' to you, even if they don't agree. Whites can be converted—the journalist who handled the inaugural press conference of the Rhodesia White People's Party on January 30, 1976 later became one of Party leader Ken Rodger's top aides.

DON'T hassle police officers, or they'll hassle you. Cops are used to dealing with thugs and hoodlums, and if you act truculent or sullen they'll deal with you like they deal with them. In addition, the White cops are right on the firing line of the racial struggle, and are potential converts. Admittedly, a lot of the higher echelon police officers are political hacks and stooges, but don't hassle them, either—their turn comes later.

DO project a public image of candor, intelligence, articulate forcefulness, humor and affability. Nazis are human, too, and you should let people know it.

DON'T indulge in ridiculous publicity stunts, wild assertions about Party numbers and planned activities, talk of violence or racial jokes of the type funny only to National Socialists, humorous comments about showers, etc. National Socialists are the fighting vanguard of a new World Order, not egotistical publicity clowns or pseudo-fascist buffoons.And please, PLEASE avoid idiotic 'Gotterdammerung' poses in your public photos, the old 'arms-folded-and-ferocious-scowl' posturing which has made so many NSWPP photos look like pictures of looney-bin refugees.

DO select a few simple, down-to-earth points that your audience can relate to, phrase them simply and forcefully, and hammer them home again and again.

DON'T allow yourself to be sidetracked into long historical discussions on World War Two. I once saw a classroom speaker at the University of West Virginia in Morgantown get all tangled up with a student questioner in this manner. He ended up talking about the great tank battle at Kharkov on the Russian front in 1943, and drawing tank manuvers on the blackboard, while the rest of the class sat there bored to tears. In addition, they left with the impression that the NSWPP was not a political party, but a collection of antiquarians or an Adolf Hitler Fan Club. This must be avoided.

You will invariably run into certain pitfalls in public speaking during a question-and-answer period. One thing that happens with regularity is that some schmuck will start raving about the Six Million Jews Adolf Hitler is supposed to have gassed.

A very good case can be made that Adolf Hitler did no such thing. If you're speaking to a receptive individual or small group, you have all the necessary documentation at hand in your 'Six Million kit', and you have about five hours to argue and debate thereon, go ahead and give it a bash. Otherwise, don't try it.

The reasons for this are several. First off, it will take up all the remaining time in your session. Once you get started on the so-called 'concentration camps' it is very difficult to steer a group back onto the proper track, and needless to say the Jews in your audience will want to get all the mileage they can out of the hackneyed old horror stories and thus prevent you from hammering home the urgent, vital message of National Socialism. Another reason is that, no matter what sort of proof you produce, you simply will not be believed. Every

American generation since World War Two has been raised on 'Nazi atrocity' stories, drinking in the fable of Auschwitz with their mother's milk. It is an unshakeable article of faith with most Americans that Adolf Hitler killed six million Jews, one of those things that 'everybody knows'--- Columbus discovered America, George Washington chopped down the cherry tree, Lincoln freed the slaves, and Hitler gassed the Jews.

The Myth of the Six Million is one of the most difficult subjects with which the National Socialist organizer must wrestle. The proof of its falsehood is one of the most arcane and complex pieces of scholarship and historical detective work ever done. It is definitely classed as 'higher study', and the uninitiated person is simply incapable of grasping it. His mind has not yet been cleared of the cobwebs and refuse left by years of Jewish indoctrination.

Considering the power of Hollywood and the Jewish media, it is small wonder that in today's society, questioning the old six million canard is tantamount to blasphemy. The minute you say 'Beans! It never happened!' you can almost hear all those young minds snapping shut. And you won't be able to open them again.

So how do you field the question?

You can refuse to discuss it at all. In practice this can make you look bad if you aren't careful. A good way to get away with it is to state at the beginning of your talk, 'Look---I'm here to talk about what's going on NOW, TODAY, IN THIS COUNTRY, not what may or may not have happened thirty years ago.' But you must make this clear at the BEGINNING of your spiel, not when somebody pops the Question, or it will look as if you're trying to wiggle out of it. (This initial qualifier will also help you avoid the whole WWII pitfall.)

If you must argue the point, don't deny that there were concentration camps, because there were, but call them 'detention centers' or 'labor camps', which is what these centers were in fact used for. You can take the line of, 'Well, we don't dispute the fact that Jews died in these camps. After all, people get hurt in wars, and the Jewish people were an active belligerent during the Second World War. What we DO dispute is that figure of six million.' Then use a few simple statistics to back yourself up.

My favorite, though, when questioned by a kike on the subject, is a cool reply of, 'And how many Aryans did you Jews kill? How many Germans died in combat or in Siberian slave labor camps after the war? How many women and children died in Dresden and Cologne? How many innocents died on the WILHELM GUSTLOFF?' Then, (with an accompanying nasty grin) 'You Jews are the biggest murderers in human history, and you outdid yourselves when you attacked National Socialist Germany, but we sure took a lot of you with us!'

This will generally blow quite a few Hebraic circuits.

A similar question that always comes up is, 'What are you going to do with the Jews?' The answer they'll be fishing for, of course, is 'Gas them.' Don't say this. We have enough trouble with all the 'Nazi atrocity' propaganda as it is. (A similar trick is a sort of flank-attack variation, 'Are you going to do what Hitler did to the Jews?' Handle this one like you would a Six Million query.)

The question of 'What are we going to do with the Jews' is a difficult one to answer, the more so because there are differences of opinion within the Movement itself on this subject. Everybody, of course, is agreed that it must be a FINAL solution, but there are differing views as to how to achieve this. One group feels that if Adolf Hitler didn't gas six million Jews he SHOULD have done, and believes that the solution lies in warming up the ovens for a kosher barbecue. Another faction wants to isolate the Jews on Madagascar or on reservations in the Mojave Desert, while some others want to pass an act similar to the Nuremberg Race Laws of 1935 and leave it at that.

National Socialism is dedicated to elevating the good and eliminating the bad, strengthening the pure and cutting away the rotten. The influence of the Jew is spiritually rotten and it must be removed from every aspect of Aryan life,

completely and permanently. Never again must this vile race of parasites batten and feed upon the noblest of God's creations.

But how do you convey this to dull-witted, drugged minds, poisoned with paralysis-inducing propaganda?

There is no sure-fire way. This, in the final analysis, is the ultimate rule of local organizing. Suit your message to the audience. Speak the language your listeners can understand. The survival of the White Race depends upon your ability to convert the know-nothings to the cause of their own race. Don't blow it!

Ad from N.Y. Times: A bad case of the heebi-jeebies

AS SHOCKING AS SWASTIKAS ON THE AMERICAN FLAG:

The true facts about the ex-Nazis who may be your next door neighbors. And their chief protector—the U.S. Government.

Every word of this outraged plea for justice is true—but it reads like chilling fiction. Of the 59 suspected Nazi war criminals who were known to be in the United States 5 years ago, only one has been brought to trial. Here is a shocking, scandalous documented case history exposé of four other ex-Nazis.

WANTED! A New Jersey county official, prospering and protected by the Democratic machine, former ex-Obersturmfuehrer in the Waffen-SS, A Nazi mobile killing unit that helped murder 1,400,000 Jews on the Eastern front.

WANTED! A Detroit bishop, invited by Richard Nixon to give the invocation at the opening of the U.S. Senate, who was an ex-Commandant of the Iron Guard, and initiated and led the bloodbath revolt killing 4,000 Jews.

WANTED! A quiet, well-liked suburban California bookkeeper who directed the slaughter of 180,000 people in a single summer.

WANTED! A Long Island carpenter who, as Latvian police chief, supervised the killing of 15,000 people.

These and 55 more ex-Nazis have been allowed to live out their lives in quiet ease, as respected and even honored Americans. When investigations are started they are blocked by the U.S. Immigration and Naturalization Service and by the Justice Department. This suspense-filled account of disappearing files, intimidated witnesses, quashed inquiries, conspiracy and treachery is fully documented. It is a story of failure. The failure of American justice. And it suggests the looming presence of ODESSA, a Nazi protection organization, which has infiltrated the very fabric of America.

"This is the kind of reporting for which newspapers get Pulitzers.... Howard Blum has done the impossible. The knowledge that this book was forthcoming has set off an explosion in the long stagnant pool to which cases of so many Nazi suspects have been confined. Blum has brought THE ODESSA FILE to life, operating with immunity and impunity in the American bureaucracy. **His findings are chilling, scandalous and read like the latest fictional suspense story. But they are all true."**

—HARRISON E. SALISBURY

"A spellbinding book, a true chiller...You want to scream with rage."

—JOSEPH HELLER

"If after reading WANTED! the Attorney General—to whom I have sent the book—doesn't order an immediate investigation of both the INS (Immigration and Naturalization Service) and the Justice Department, Congress should...It is a chilling account."

THE SEARCH FOR NAZIS IN AMERICA

HOW TO GET PEOPLE to come to a meeting

by Franz Pfeiffer, Chile

Many activists make the mistake of announcing a "Nazi" meeting or a "patriotic" meeting and then wonder why few people show up. Usually those few are friends and members. Certainly there is no press coverage. In times and places in which the Jews have decreed their news blackout of NS activities, it is necessary to outwit the enemy so that they will give us publicity without wishing to. To do this, it is necessary to stimulate curiosity and sensationalism.

I remember a 1967 campaign in which we ran a comrade for mayor of a small town. The reds and jews went wild, of course. Every thunderous orator they could find was mobilized and dispatched to speak in this little town, even the then senatorial candidate, Salvador Allende! They did all they could to stop us, including hiring criminal agents provocateur and accusing us in the press of having been convicted of the most atrocious crimes imaginable — all this to capture a little town of 2000 people! They went so far as to defame our candidate as a "Nazi criminal". Never mind the libel laws, was their attitude, but do anything to win the election.

After a tiring day of trading slander with the opposition, we paid a visit to the local soccer stadium and informed the manager that we were very tired and fed up with all the electioneering. We would go on with the campaign, but we were beat and we knew it, so I said. Since we had nothing better to do, I told the manager, we might just as well play a little soccer this Sunday. My request to use the soccer field was granted and I made doubly sure by asking for permission in writing, which I obtained.

The Saturday newspaper carried our little ad: "Sunday Soccer Event — Nazis vs. Jews!" Needless to say, lots of people turned out, not just to watch soccer, but to watch this particular match between racial opponents, sworn to battle to the death.

In due course, the "Nazi" and "Jew" teams appeared on the field, our side wearing Storm Trooper uniforms and "their" side sporting hippy wigs and long noses. The "game" proceeded until the referee blew his whistle for a break.

This was the signal for our mayoral candidate to begin addressing the surprised crowd. "You see, friends, it is very easy to trick you. Now, I shall tell you how the Jews have been tricking you for years and years..."

Our candidate came in second with a large percentage of the total vote.

In 1968 the Jews decided to clamp a total news blackout on us. Our street demonstrations occurred as usual, fights took place and many arrests, but never a peep out of the

In Chile, they say it this way!

jewsmedia. Our supporters were discouraged. Without news reports, it looked as if the Party was doing nothing. Once publicity has been obtained, it is necessary to maintain the momentum and to stay in the "news", otherwise people will think that your party is a "flash in the pan". We were sweating blood in our desperate efforts to break out of this suffocating blanket of silence, while the Jews smirked, "Sure, we'll let you have some publicity, but only if you start a revolution. At least we'll publish your epitaphs." Nice people, the Jews!

Our counter-move was to invite all the newsmen to a "beauty contest", the choosing of "Miss Nazi", to be held at Party Headquarters. This brought them in droves. At last, the heat had driven us crazy, they thought.

It is very hot in Chile during the month of January, but even so, we had to close the HQ building because of the number of people who had gathered to witness this "historic" event — a "Nazi beauty contest"! About 140 people finally managed to fit themselves inside, including all sorts of newsmen, TV cameramen and even a film crew from East Germany! The Duty Officer introduced the "contest winner" to the reporters. There she was: "Miss Nazi" of 1968! No trick was employed here. A beautiful young comrade stood before them in her revealing, yet rather conservative bathing suit, surrounded by lots and lots of Swastikas. Not only was she surrounded with the expected, but also with unexpected posters, picket signs and wall banners which read: "White women are beautiful!" "Jew-commies want to get rid of them!" There were other slogans of this nature. Funny, how it was impossible to get a good shot of "Miss Nazi" without also getting one of those Nazi propaganda slogans in the picture! Several of these photos later found their way into a book "Aftermath" by the jew, Farago. "Miss Nazi" was irresistible, even to jews.

After allowing a few moments for the cameramen to click and grind enough photos, our lovely comrade slipped out of the room, alas, to be replaced by me. I told the assembly why we had pulled off this stunt and began explaining to them the meaning of National Socialism.

Several reporters expressed interest in our program and paid double prices for our literature. This event received world news coverage. Of course, they had to publish our address, otherwise it would look as if we were able to maintain an awesome sort of secrecy. Thus, we were flooded with letters of enquiry and support for weeks thereafter.

There are many ways of getting NS over to the people and the jewsmedia. For example, it is good to announce that a discussion will be held on some interesting topic. Ask a question for the title of such a meeting: "Did Churchill meet Hitler's Deputy during the Second World War?" Many people need to know about Rudolf Hess and will learn in this manner. "Was Hitler a Jewish agent?" Answer: If he wasn't, why did he let so many escape? "Is Santiago the capital of Chile?" The map says so, but the treasury shows that it is really Tel Aviv.

It cannot be over-emphasized that FAMILIES must be attracted to the NS group. A family man alone may encounter the worst enemy of National Socialism right in his bedroom. Many wives are scared of NS association of any sort. Others complain that their husband is not spending this extra time earning more money. We won't go into other reasons why a man's wife might be against NS activity, for women have inventive minds indeed when they want something! To help our organization acquire or retain its members, we sponsor picnics. Yes, picnics, but these are NS to the core. We sing NS songs, play sports, have entertaining NS skits and do some talking — but very easy on the talking. People don't want to hear sermons outside of church as well. Slow and easy does it. We can't expect people to down the entire bottle of political remedy the first day.

Our sympathizers and supporters will gradually come to know National Socialism from experience and when they get to know their leaders as conscientious, sound-thinking, honest individuals, intelligent human beings, not

monsters, they will not believe the jew-stooges who scream that we want to burn down and destroy everything. Thus, we always strive to be in a position to tell the people to judge us for themselves and not let the jewsmedia judge for them. Of course, we have to make sure that our comrades are at all times fit for public inspection. There is nothing which ruins a good image like having immature, undisciplined members in the ranks.

The Mormons do not forbid coffee-drinkers from entering their churches, but they forbid those whom they convert from drinking coffee. Surely, a movement which is designed to save the White Race can demand at least this standard of discipline from its members.

PROPER NS CONDUCT

by Harlan Stevens

In response to recent examples of non-National Socialist behavior by some who style themselves National Socialists, I shall attempt to furnish some guidelines for NS conduct, more by way of suggestion than as a complete and definitive set of rules which must be followed with "blind obedience", as it has never been shown to me how any blindman can can follow much of anything, especially guidelines which refer to something as variable as human behavior. Also, I give the reader credit for the necessary common sense and good judgement to distinguish good deeds from bad, so detailed description is not required.

Our foremost duty is to provide examples for our fellow White men and comrades. We must be what we stand for. For this reason, it is far more important to have National Socialists than it is to have an NS movement which is NS in name and regalia only. As living examples of National Socialism, we must provide others with good, sound object lessons which they can look up to and later, emulate. If we are to sell our ideas, we must first sell ourselves. If we call upon others to abstain from Jew fads and degeneracy, then we must do so ourselves.

Good personal appearance, neatness and hygiene are essential. Such "propaganda of the deed" is just as effective as a good speech or a book. It will also keep you on good terms with your comrades. A good working relationship is necessary with one's close associates, so one should never be personally offensive to one's comrades and even less so to members of the general public.

In our relations with other comrades, we should always try to maintain a friendly atmosphere of trust. Don't spread rumors or create conflicts by telling stories behind someone's back. If you have a disagreement, please tell the one with whom you disagree. Don't do it the Masonic-Jewish way by starting a whispering campaign. When we are not actually fighting the racial enemy, it is a poor substitute indeed to pick fights among ourselves.

Politeness is always the best policy, even to our racial enemies and racial renegade law enforcement officials. Politeness makes us look professional, not hysterical. It is very hard to convince the casual bystander or television viewer that a National Socialist is a raving maniac, when it is the NS man or woman who maintains calm and the Jew or the Zionist stooge who is raving and foaming at the mouth. It would pay to behave at all times as if you were "on camera", just as members of royal families are taught to do. This way, they are rarely caught in monkey-type poses by unfriendly photographers. If a comrade has disagreeable or ridiculous mannerisms, for example, please tell him before the Jews make it into one more bit of ammunition to fire against the movement.

It takes discipline, lots of it, to show respect for a close friend or associate, but such should be shown, not only out of politeness to your superior officer, but out of respect for his rank and thus, the Party. Leaders should act and be treated as leaders, otherwise we look and sound like a bunch of cronies who meet for booze and poker sessions and just thought up the idea of wearing these here armbands for a few laughs. If you want to be taken seriously, then be

serious by showing respect for those things and persons you support.

Although some individuals may think otherwise, National Socialism is, above all, responsibility. You are therefore responsible for everything you do or don't do about improving the movement and thus, the White Man's chances for survival. Whether or not you wish to take responsibility, you cannot escape it. Once you wear the Holy Swastika, you will be held responsible by your comrades and the rest of the world for your actions. It is no good saying "Who, me? But I was (a) drunk (b) high on pot at the time. I didn't know what I was doing." Sure. Tell it to the judge. The jewspaper headlines will say: "Nazi commits Hit and Run Homocide"; "Death Chaperons Nazi Orgy". No matter what the circumstances, you will be held responsible for your actions as a National Socialist, so at least try to stay reasonably sober! Here are a few tips to consider:

(1) Don't ridicule another comrade's religion or another racist group in public.

(2) Don't be a Jew tool: save your money. Spend it on The Cause, not on self-indulgence in unnecessary gadgets, amusements and dope-smoking.

(3) Keep barracksroom language in the barracksroom, if you have to use swearing in your speech at all. Certainly, don't show your cussing ability in your publications. Not only does it offend, but it makes the user look hysterical and impotent, reduced to gnashing his teeth in ineffectual rage. In other words, it looks like tantrum-throwing.

(4) Avoid associating with persons suspected of illegal or immoral conduct. Fair or not, you ARE known by the company you keep.

(5) Limit your legal vices and avoid the illegal ones. Don't give the Zionist enforcers an invitation to hassle you.

(6) Don't bar-hop or frequent prostitutes. Sooner or later, you will be set up for a big put-down. Remember, you are no longer anonymous. You are public property and public property is often vandalized. You are valuable if not vital to the movement, so please do us and yourself the favor of protecting yourself from these obvious set ups.

(7) Always attempt to promote enthusiasm and goodwill among comrades in the movement. When you see morale slipping, do something, say something to bring it back up to par. One White Power group was raided only recently. All their records were confiscated, their leader arrested. Party comrades gathered, confused, demoralized, until someone (a genius in psychology, no doubt) said, "Let's have a party!" A couple cases of beer appeared. The Party Song was sung. Toasts were made and the impromptu post mortem proceedings became an uplifting experience for all. This had an unexpected dividend, because the police were watching the house where the meeting occurred, and they wound up being the ones demoralized, because they couldn't figure out what was happening.

(8) Be polite for "law enforcement" agents, even non-White ones. Obey all reasonable requests.

(9) Instead of filling your mind with Jew junk-food, try reading MEIN KAMPF. Improve your knowledge of the world around you. Who knows? you might even enjoy learning.

(10) If you can't keep a positive attitude toward the movement, by all means,

get out of it. Sad sacks never win and winners are never sad sacks.

In summary, becoming a National Socialist is a whole lot of work. It requires unrelenting effort, even heroism. It requires patience, versatility, creativity, discipline, just about every survival virtue known to man. There is no such thing as "He became a National Socialist and lived happily everafter..." You and I know different. Welcome, White warriors, to the fray. The enemy has taken the field! Why do we stand here idle?

Letters to the Editor

White Power Movement: 1-25-77

I've just received your literature and request for support. After calmly and thoroughly reading it, I conclude that it is possibly the most ridiculous collection of primitive racist rhetoric I have yet seen; an anachronistic throwback. The most bizarre point you've made is to equate yourself with Christianity or at least to allude to some relationship with it. Do you realize that Jesus was a Jew? This kind of blind, racist nationalism went out with the last world war. You guys are on a communal ego trip. What's the matter? Isn't there enough to do at home? Your job not satisfying? Is life that boresome that you must invent something like "The White Power Movement"? Why don't you give it to some laundry detergent company for a soap ad? Man, let's get back to putting our country back together, rather than some kind of childish, destructive cowboy and indian game.

Sincerely yours,
Rabbi Dana Rodenbaugh
(Part-time secretary for the NAACP)
110 Bertrand, St Marys, Kan. 66536
Tel. 437-6223

Editor: Congratulations, Rabbi! Yours is our very first letter of criticism for what we stand for, rather than the old, "take me off your filthy mailing list" lament. Not only are you a real Jew (if you are for real, that is), but a nigger-loving one at that. Like a typical member of your species you attack the bearer of bad tidings, bad tidings for you. What is it in you Jews that causes this immature reaction? The only point which you mention regarding any issue whatsoever, rather than a series of rabid rabbinical value-judgements is the canard about "Christ being a Jew". I have riffled through back issues of WPR and I cannot seem to find any references to Christ's racial background in any of the articles. Perhaps you confuse the White Power Movement with some other racist group. Well, for one thing, we are not religious reformers. We are a political movement, so I refer your Christian complaint to another department.

You do us quite a favor by calling us "primitive". Sure enough, we are going back to our racial roots in order to reclaim our souls from Jewish slavery. Obviously, you must not believe racism wholly bad, otherwise you would not support a Black racist organization, even though it is sponsored by your own people. As for racism, well Rabbi, you must have forgotten your Talmud. If your people are not the world's supreme example of racism, then you can call me King Bulan of Khazaria. No, racism has not gone out with the last world war, nor has race-based nationalism. Israel proves that on the one hand and the advent of groups using the slogan "White Power" is another good one. Of course, there is Black Power, Brown and Yellow Power, so it appears that you are not only forgetful, but ignorant of recent events. We are not blind to realities, though you may be.

I confess that you are right in one respect: We are on a "communal ego trip". We are proud of Our White Race, our fellow-travellers of destiny.

Being Jewish and typical at that, you confuse our idealism with Scrooge-like materialist causes like boredom, nothing to do, lousy job. You missed out on telling us that our digestion was at the base of it, perhaps our early toilet training. That's the sort of thing old Scrooge would say, before the ghosts came to haunt him. I can assure you, we will do far more than scare you. Of course,

your mind works in typically commercial ruts when you invite us to turn our name over to a soap company.

In this you show more wisdom than you think, for the WHITE POWER MOVEMENT is going to clean up this country!

Cowboys, you call us. Yet, you were happy to have us cowboys on your side in two world wars and sundry odd conflicts you pulled from your caftan sleeves. Now the cowboys are about to take on the kikes. You won't have to pay a thing for a ringside seat, Rabbi, you'll be in the ring.

Dear Mr Dietz: 1-11-77

I am a recent convert to NS and I first became aware of the White Power Movement when I read Jim Mason's NS Bulletin. What's the difference between the NSM and the WPM?

Sincerely,
R.H. CA

Editor: For the White Power Movement, you stand up. To have a Jim Mason movement, you sit down.

Dear Comrades: 1-17-77

We have a long, hard fight ahead of us and unless the Nazi Saucers land, a very dangerous one. We must remember that the continuation of our present course means the extinction of the Aryan Race. For a few brief years of 'safety' the White Race appears willing to trade everything, even its future. Truly, it is worse to die of shame than to die in battle.

But to fight means there is hope. Not to fight means certain destruction. Even the hope of victory is worth fighting for, because those who fall in the struggle for survival will save others of Our Race to carry on. It will insure the continuation of our racial community, without which we have no past, no present and no future.

Lest we sound pessimistic, I point out that it is not our job to die for Our Race. It is our job to make sure the enemy dies for his.

WHITE POWER!
P.H., Canada

Dear Mr Campbell: 1-13-77

I want to thank you for answering my letter and sending the White Power Report and assuring me that there are people outside who care enough for fellow brothers to take time and write and send material. Although I can't pay you, I assure you that I will put the material to good use. The White brothers here sure are in need of it.

I see so many Whites here being misled and so many who are searching for the right way that I want to guide them to find the right way — The White Way. Although I've never done anything like this before and I figure I'll be harassed, threatened, screwed-around, I'm willing to stand up for my race. All I need is some help. With the support I get from a few friends here and your help from the outside, I think I can take the challenge. Once again, thank you.

May I ask something more? Receiving mail is something very important to me and as of now, I don't have any correspondence with any White brothers or sisters. I would love to hear from them and if anyone would take the time, I would really appreciate it.

Yours for White Power!

Editor: How about some support for Brother Beede, White people? One day you may be in his shoes. Don't think it can't happen.

To the Editor: 1-7-77

I am writing to you on behalf of Don Andrews and all of the White Nationalist comrades who are working with him at present. First of all, let us thank you for the helpful and understanding reporting and advertising of our White Nationalist activities in Canada.

Our wish is that more White Nationalists who do not have their own publication should take advantage of White Power Report to promote and advertise their activities. To put our money where our mouth is, we are sending some good Canadian dollars.

As to the James Mason matter, I have asked him to desist in his disruptive attacks on White Nationalists, but it appears in the return reply that he is entirely negative regarding my suggestions. I would suggest that you ignore his actions and statements against your good persons and continue to carry on with your good work.

Be assured that many of your criticisms are well taken re security and you may add our voice of support to your White Power activities.

Letters should be sent to Robert Smith c/o NATIONAL CITIZENS' ALLIANCE, 685 Danforth Avenue or P.O. Box 473, Toronto, Ontario, Canada M4J 4Z2. Inquiries regarding our activities should be sent to: Don Andrews, 27 Kingsmount Park Road, Toronto, Ontario, Canada M4L 3L2.

Yours for White Unity,
Robert (Bob) Smith
former Secretary,
Western Guard Party

Editor: Keep up the good work! Bob sends me a copy of his request for support for the DON ANDREWS DEFENSE FUND:

Dear White Comrades: 1-22-77

I am writing to you in the name of my friend and political comrade, Don Andrews, former leader of the Western Guard Party, who is at present on bail, facing trumped-up conspiracy charges of arson and mischief in the race-traitor government's efforts to silence White Nationalist ideology in Canada. As part of the conditions of his bail, Don Andrews was ordered not to associate with the organization he built up and led since its inception: The Western Guard Party.

These isolation efforts of the government have not stopped Don Andrews who ran for the post of Mayor of Toronto for the second time. Just as he did in the 1974 campaign, his returns for 1976 showed him running second out of ten mayoral candidates. The residents of Toronto once again had an opportunity to vote for a White Nationalist candidate and although only 25% of the total electorate voted, Don Andrews' portion of the vote increased by some 35% of the previous figure, meaning that over 7,200 voters decided for Don Andrews, 4,000 more than voted for the third-place candidate. The overall percentage of votes captured by Don Andrews was nearly 7% of the total votes cast. In some electoral districts, the White Power Candidate received as much as 25, 30 and 50% of the votes cast.

These achievements were made in spite of a low-budget campaign (about $1200), a small, but dedicated staff (National Citizens' Alliance), adverse newsmedia publicity describing Don Andrews as a jailed terrorist and arsonist (he was denied bail for eighteen days in July 1976) and personal legal costs incurred from fighting the fabricated charges made by federal police pimps.

In consideration of his past efforts as well as the present legal battle to bring greater White Racial awareness to Canada, particularly Toronto, I am asking for your financial support to aid us in our battle for the preservation of White Civilization in Canada, by assisting its champion, Don Andrews in his defense.

Would you contribute as generously as possible? All those who send in a contribution of $5 or more will receive a periodic bulletin which will keep them up to date on our continuing and important political work.

Please send cheques and money orders to: DON ANDREWS DEFENSE FUND, 27 Kingsmount Park Road, Toronto, Ontario, Canada M4L 3L2.

Yours for White Unity,

Comrade Dietz: 1-21-77

Thanks for the nice package you sent with my LIBERTY BELL subscription and purchase of back issues. In addition to LIBERTY BELL, put me down for two subscriptions to WHITE POWER REPORT.

LIBERTY BELL and WHITE POWER REPORT are rendering a tremendous and valuable service in education to our people as to the way out of the trap Aryan Man is now in.

Our job is to reach the masses of White people in the U.S. with the truth that the National Socialism of Adolf Hitler is a purifying flame which will unite Aryan Man and bring us victory over the parasitic scourge of God! With great unified effort, we will smash The Khazar Yoke and all the forces of decay and destruction engulfing America.

The sacred Swastika Banner will fly from on high all over America, when White Americans realize that OUR RACE IS OUR NATION!

Please use my name if you publish this letter.

Editor: Welcome aboard, Comrade! Keep the Banner flying!

Dear Comrade Dietz: 1-20-77

Received the latest WPR; again, another good issue. I am indeed sorry that Comrade Pfeiffer has completely misconstrued my statements and totally ignored the main point of my letter in the December issue — which, I repeat, is the necessity of unity among Aryan people all over the world. Ordinarily, I would overlook the petty personal insults which are merely reflex reactions based on 2000 years of enforced puritanism, but a couple of Comrade Pfeiffer's remarks are serious enough to warrant a straightforward reply.

Sir, an occasional moderate indulgence in any form of stimulant or relaxant — be it a joint, a small amount of liquor or a cup of coffee — does not make one a junkie, an alcoholic or a caffeine-fiend. A liking for rock music does not make one "a born rapist", moreover, I am proud of the fact that the ladies I have dated consider my behavior to be gentlemanly. Anyone with two cents' worth of propaganda smarts will realize at once the tremendous potential of so-called "pop-music". The reds have been aware of it for years, but "fascist rock" (yes, it does exist) is a relatively new phenomenon. Because I tolerate gay National Socialists does not mean that I'm crazy about faggots or something. It DOES

mean that even though I may strongly disagree with a man's life-style or habits, I at least recognize the common bond of National Socialism. If the gay Nazis wish to get out into the street and crack kosher noggins, let them!

I have no Communist friends and I loathe the Talmud — and all its Jewish offspring in the guise of "religion" — equally. Discipline is necessary both for social advancement and personal advancement, as I think everyone knows.

Comrade Pfeiffer does accidentally make one true statement. I do hate to work — when I've got some Jew or Black slavemaster at my back. I'm far more willing to work 20 hours a day for myself. Are you any different? Wouldn't you rather be trying to build your own kike- and nigger-free business than sweating in an auto factory for token pay?

Comrade Pfeiffer, in America we have both "hippies" and "hill-billies". These two factions have been at each other's throats for over a decade. A small percentage of both groups is rapidly coming to the realization that even though the other guy may be different, he's still a White man!

Therefore, I am irked that you set yourself up as the keeper of world moral standards and in the next breath chuckle about bodies in the river. Those are the same sort of tactics I advocate!

Comrades everywhere: if we are going to be fighting a revolution, then dammit, let's make it a full-blown revolution. We are not fighting a religious "holy war". We are not fighting a war over long hair or the use of language. These are phony issues which the "conservative revolutionaries" are constantly squawking about!

Like you, I am often dismayed at the amount of kooks in the movement, each with his axe to grind. But, dear readers, a revolutionary learns one basic rule of thumb FIRST: "Always make use of the tools at hand." This doesn't mean that you should hang on to all the fools. It means eliminate them creatively.

Oh yes, there was one more point I wished to cover: I'm sure that Bob Miles, the KKK and the FBI would be as surprised as I was to learn that I was, in fact, a profiteering Jew agent. Mr Pfeiffer, I've been poor for years, often as a direct result of my dedication to National Socialism.

Ladies and gentlemen, it is my fervent hope that we will take to heart the message of that great American revolutionary, Benjamin Franklin: "We must all hang together or we shall most assuredly all hang separately." I hope to make it to the February convention (it's a long walk from Detroit) at the UWPP HQ and I would urge all comrades to attend and to support the NS Congress.

Heil Hitler!
S.K., MI

Dear Comrade Dietz: 1-22-77

Comrade Thomson did a magnificent job in turning out the "White Power Hymn". The lyrics are profoundly inspiring and the music, "The Horst Wessel Lied" (Die Fahne Hoch) could not be better.

Our new emblem, the best of two worlds, is exquisite and very well put together. Perhaps sometime in the future you could have available armbands, bumperstickers, lapel pins, etc. with this emblem on them.

I hope that someday the various Hollywood, hippy and murder-minded guerrilla-type "Nazi" groups will wake up and realize that they are pulling National Socialism into the gutter. The leaders and members of these groups seem to think that using filthy profanities regularly, when they write or talk makes them "tough", "manly" or even "cute".

When the masses of decent White people are exposed to NS organizations such as these, they would undoubtedly prefer to take their chances with liberalism, integration and the Jewish establishment.

Keep up the great work!

Yours for the Aryan Race,
R.L. IL

Dear Comrade Campbell: 1-11-77

I agree with you when you say that the news from the various NS groups is history by the time you generally receive it. In my estimation, there should be more compatibility among the NS movements; take one issue at a time to fight for, then go to the next. This would give the Movement nationwide exposure, publicity and more people would be exposed to the real White Power Movement, than would the present fragmented, erratic, irresponsible actions by those who try to build their own personal fiefdoms to suit their own egoes.

I ran across a rare book some years ago by the title of "GERMANY MUST PERISH" by the Jew, Theodore Kaufman. In Chapter 7, Mr Kaufman advocates "Genocide upon every German" "with no exceptions." The book includes a map showing Europe's boundaries redrawn, so as to eliminate Germany entirely. It is surprisingly similar to Germany's present boundaries! Toward the back of this book is quoted TIME MAGAZINE's rave review: "a sensational idea!" This leaves no room for doubt about TIME's attitude toward genocide. The WASHINGTON POST was a little more subtle, but just as affirmative in its line. So here we see the attitude of the prewar "American" press! Genocide for Germany: the Jewish price for Hitler's freeing Germany from the gold standard of Jew international finance — a high interest rate, indeed.

Daily, the observant White American can see the Jews' strategy of genocide being directed at the White Race. The Constitution is violated time after time: Congress gives its inalienable power to coin and issue money to the Jew Federal Reserve. Congress seeks to infringe upon the Right to Keep and Bear Arms, a right which is specifically written so as to preclude such infringement. This is the fatal result of having the best government Jew money can buy. Certainly, there are many other signposts on the road to genocide of the White Man: The tax subsidies voted to increase the non-White population, the stripping of our country's defenses for Israel, the subjugation of our two political parties under the same Zionist masters, the oil problem.

The Jews have their shabez goyim screech against the Arab boycott, yet, they beamed with pride in 1941 when their stooge Roosevelt, himself a Jew, boycotted German and Italian firms. Any weapon in the hands of Jewry is fair and any weapon in the hands of goyim is foul. We Gentiles have no right to defend ourselves — it says so, right here, in the Talmud!

The Star & Swastika emblem looks great. Too bad you can't put glue on the back so you could use it as a sticker.

Yours for WHITE POWER!
W.P. Col.

Editor: We thought of mailing glue with each issue, but the containers break and readers can't get the pages apart unless they steam them for several hours. We will enclose a boiler with each issue of WPR when we have the funds.

Mr Dietz: 1-8-77

Thank you for mailing me a sample copy of the December WPR. I found it very informative. I would appreciate it if you would send me Nos. 1 & 2 and bill me.

I enclose my check for ten dollars for a year's subscription to White Power Report.

What is your opinion of the newly-formed NS Congress? Will the White Power Movement be one of the member organizations?

WHITE POWER!
J.Q., Pa.

Asst. Editor Campbell replies: Thank you for your letter and subscription. I am happy to learn that you enjoy our publications and find them informative. They are certainly intended to be informative in respect to providing a basis of understanding the nature of the problem which afflicts us and also, providing a basis for dealing with this problem. The Jews are simply the incarnation of that which is evil within ourselves. For this reason, they exist largely as the symptom of our own vices of greed, cowardice and laziness. Once we conquer Judaism within ourselves, we are well on our way to conquering the Jew. This is the primary purpose of our literature. The secondary purpose is to show how we may organize ourselves efficiently to combat the Zionist occupation forces. Our strategy is clear: to do all that is necessary to preserve the White Race, the source of human progress and civilization. The tactics are subject to local conditions of time and place. Thus it is that we do not require a program so much as dedicated and creative men and women to fulfill it. That which we have lost so easily will not be so easily regained, of this you can be assured.

My personal attitude toward the NS Congress is quite likely the attitude of my comrades in the White Power Movement. We are simply too busy to concern ourselves with the administration and cloakroom political activities of a largely paper organization. I feel something akin to the frustration felt by Rommel when he inspected the unfinished and unprepared West Wall, only to see that vital construction had been interrupted by war games! I feel it is high time that we called a halt to these narcissistic rallies, conferences and ceremonial occasions which merely warn the enemy of our existence and let him know who and how many support us. These are pseudo-activities, lame excuses which keep members of the movement away from the people whom they must convert and organize. Any time spent in bull sessions with comrades, not working sessions involving contact with the masses, is time wasted. If our membership are such creeps that they dare not go house-to-house with their White Power Message, they should not be in the White Man's Movement.

To this extent, exotic uniforms and Hollywood Nazi behavior is counter productive. We shall win with the Holy Swastika, but we shall not win if we behave the way the Jews of Hogan's Heroes have taught us to behave. We have German members, but we know that we shall not win if we identify the White Power Movement in America with the interests of Germany. We must convince our fellow White Americans that National Socialism, which today calls itself White Power, is as American as the Stars & Stripes (burned by our enemies), Motherhood (our enemies support abortion) and apple pie (our enemies poison us with chemical food additives). We feel that any association with 1930-style Storm Troop groups wherein we sing "Die Fahne Hoch" in German is bad propaganda for our cause. The Jews will make the bad propaganda against us, so why do it for them?

WHITE POWER!

Aryan Comrade: 1-19-77

I can't thank you enough for the material you sent me. I was overwhelmed not only by the variety and quality of it, but the generous amount which you sent was most appreciated. It shows that you are truly interested in White Victory and not just out to make a buck.

I took your material to a recent KKK meeting in New Jersey and ALL the members were impressed and enthused by it. We wish to work with the WHITE POWER MOVEMENT.

All of the super-stickers and regular stickers were put up in the downtown business section. Needless to say, the kike storekeepers and their nigger customers came down with cases of "the Aryan Flu" (Fever and Fear of

Impending Justice), sometimes mistaken for the heebie-jeebies.

Since I'm recently married, money is really tight, but here are two dollars for as many stickers as possible. In my "jungle" (nigger neighborhood) they are becoming famous or infamous, depending on who you are.

We're looking forward to your reply.

White Power & 88!
E.R., NJ

Editor: It might be good to insert a little observation here, as this comrade points out a very frequent problem of those supporting White Power: The White man and woman who are starting a family want to make the future secure for their children, so they think of White Power. But, because they have a family, they are physically and financially unable to support the White Power Movement. Suggestion to singles: Try to think of the future, while you are in a position to DO something about it.

Having a family needn't be a drag on one's political effectiveness, however, as Comrade Mary Carr and her fourteen children prove. It just takes more courage, sacrifice and determination — but, they are our children and they are worth fighting for!

Dear Sirs: 1-16-77

I got your printed matter. What you say is of course true. I agree with you, but I don't want to join your group because I belong to the Arlington-based group and don't change for just any reason at all.

The book on UFO's I read and it's very good. It is a shame that you and our group can't get along. I of course do not support your group, so don't send any more supporter application forms.

A.W., O.

Editor: Glad you liked the UFO book. Mr Koehl won't carry them, for some reason and it is impossible to discover his views on this matter because he will not reply to our registered letters. He is truly lucky to have such blindly loyal supporters as you, Comrade. Perhaps you would not be so uncritical of Arlington if you inspected its operations as we have.

Dear Racial Comrades: 1-10-77

I want to commend you for your fine publication, White Power Report. As in many such publications, I am sorry to hear so much about the 'falling out' among National Socialists. It is my hope that someday, all Racial Nationalists in America can pull together to form a United Front against our racial and political enemies. This country is falling apart!

There is an abstract demographic point that, when reached, will absolutely negate any possibility of Racial Nationalist victory, and that is when the mud-people outnumber the White people to the extent that we can no longer form a government. The simple fact is that we do not have another 25 or 30 years to sit on our hands. While we may not be out-populated for some time, the number of Whites falling victims to weakness and materialism is growing. All too many of our racial brothers and sisters are joining the ranks of the judeo-liberal forces, adding to the overwhelming tide of color which threatens to drown us. The time for action is now!

For Race & Racism,
T.M., TN

Dear Mr Dietz: 1-3-77

I would like to thank you for the fine publications you have sent me, especially White Power Report. Not only are they well-written, but they also

contain true National Socialist content.

After hearing both sides of the feud between you and Mr Mason, I have to take your side. For one thing, it is unbecoming of a National Socialist to use foul language, let alone deliberately print it and on top of that to print lewd cartoons and a picture of a man's rear end. I guess Mr Mason doesn't know or doesn't care that a Hitler Youth would have been kicked out of the Movement if he made a dirty joke!

I have reels of original NS newsreels from 1930 to 1940 that I purchased from a friend of mine. One reel is of Hitler, entitled "Heimatland" or "Homeland". These are very rare and I would like to have them copied before I ran them at meetings. I wonder if you know of a film lab which could do this? All the films are 16 mm black & white, some with sound and others not. Any suggestions?

Keep up the good work!

For Race & Nation,
R.D., NJ

Editor: Any of you comrades know of a film-copier? If so, please let us know and we will forward the information to the writer of this letter.

Mr Campbell: 1-5-77

Thank you for your letter. It was most enlightening. Though I do want to win, I apologize for trying to jump into the game without knowing the basic rule: Racial Healthiness. Until I can live that rule, I'll busy myself sticking White Power stickers in phone books.

Keep up the good work!

White Power!
R.B., Id.

Editor: And you, too, Comrade!

Dear Friends: 12-27-76

I wish to thank you for the White Power Reports, a pleasing addition to the LIBERTY BELL magazine which I have been receiving since the first issue.

The Eric Campbell book review on UFO's — Nazi Secret Weapon? was the best yet and I have read several others. I have read the UFO book many times. Could you give me information about Admiral Byrd after his trip to Antarctica in 1947-48? It looks like he was silenced.

The UFO magazines on the newsstands all seem like frauds.

I took care of German prisoners of war for five months in Dijon, France.

I hope you have a very productive 1977.

Yours truly,
E.S., Wyo.

Editor: Yes, Admiral Byrd was silenced. As each Antarctica book is made available from the Friedrich series, we are learning more and more about what he encountered and why he expressed so much agitation and alarm upon his return from his last Antarctic expedition. You are correct that most of the UFO magazines are fraudulent attempts to shake the shekels out of the pockets of the dumb goyim, who are the majority of UFO fans. ALL of these magazines are owned by Jews, incidentally. That is why they do not like to publicize Nazi Flying Saucers. Recently, a member of a top-selling UFO magazine in Jew York resigned over Jew-censorship of a Friedrich article. Believe me, the Jews are not in business just for money, but to control the message and the media. As they run the Federal Reserve, they don't really need to earn money by selling UFO magazines, but they need UFO magazines to influence the goyim.

Dear George: 1-30-77

Thank you for your letter. I'm glad to know that you will give some publicity to the Portland Alpha Circle. Although I co-founded the Alpha Circle, I have had only limited contact with the other members since beginning graduate school. I forwarded a photocopy of your letter to Portland comrades.

You might be interested to know that I received a letter from a German comrade a few months back praising the improved typography, spelling and grammar of the last issue of the NS KAMPFRUF. I understand that the thanks for this should go to you.

By the way, has the English edition of Codreanu's book, "FOR MY LEGIONARIES" come out yet?

In the last few months, I've been giving a lot of thought to how I can best serve the Movement. I'm torn between going on for a PhD in history and into a secure life as a professor somewhere or leaving graduate school with an MA and working full-time for one of the better White Power or NS organizations. My desire to have a family also enters into this. I've often thought about how you have handled this dilemma.

I would very much enjoy the opportunity to meet you some day. Sincerely,
W.M., IN

Editor: George Dietz showed me your interesting letter and as he is very busy, I shall endeavor to give it the attention it merits.

Thank you for your comments regarding the publication of NS KAMPFRUF. Of late, we have not been able to assist Comrade Lauck in his endeavor due to excessive demands on our printing facilities. Also, it must be appreciated that the White Power Movement is growing and thus, encroaching on more and more of our time and other resources.

Codreanu's book, "FOR MY LEGIONARIES", is now available from us in English at $6 per copy plus fifty cents postage and handling.

Serving the Movement is no easy task. It is largely a life's work of struggle and sacrifice. There is no safe way to go about it. I too, thought I could pursue an academic career as I pursued Truth and tried to disseminate it. I was mistaken. Although I received my MA, there is no existing academic institution which would allow me to teach nor to study in my chosen field. My doctoral dissertation was confiscated by US authorities. No, there is no easy way!

NOTE

Because of my outspoken views, I have never married and, if my role in the struggle for Racial Victory decrees that I must remain wifeless and childless, so be it. I do not wish to raise a family in enemy-occupied territory. AMEN.

There is simply no way to avoid paying a price for what we do. The biggest fools I have known are guilty merely of wanting their cake to be edible and yet, inexhaustible. Unfortunately, the bigger the goal in life, the bigger the price exacted in the attainment of that goal. At least, this has been my experience. I am firmly committed to my purpose and there is no way now, though I would wish to "drop out" that I would be able to retire from the struggle. Within my own capabilities I have lived life as fully as possible, therefore, I have no regrets about my chosen career. Perhaps it is for such rare individuals as I to take the forefront of the White Man's fight and to lead. I shall not shrink from such duty when the time comes.

Thus it is that I must impress upon you the serious nature of that course of action you are considering. There is no middle path, no manner of "easy out" once you have worn the White Man's Holy Cross. Even though you would wish to forget, the racial enemy will not. You will be forever marked for destruction. When one faces a disagreeable certainty and is able to undertake a course of action which promises the barest chance of success, one who lives life does not hesitate to choose the course of action. The struggle has its rewards, although they are not understood by ordinary men and women. Once you enter the lists, you are no longer ordinary. Yours for WHITE POWER! Eric Campbell.

WHITE POWER

COMES TO CAMPUS

by Jana Thompson
writing for the December 1976 issue
of the Portland State University VANGUARD

This interview (or more exactly, excerpts from it) with White Power advocate Mike Shaw comes at a time when pro-White racial activism is again in the news.

Marine personnel at Camp Pendleton, California, have recently been transferred due to racial unrest produced by alleged KKK activity at the camp. In addition, more and more cases of "reverse discrimination" have been brought up for judicial review by Whites claiming their supposedly superior qualifications for jobs have been passed over by employers filling racial minority quotas at the behest of the federal government. White supremacist organizations have cropped up in cities throughout the East due to grass roots (some consider them carefully orchestrated) reactions to court-ordered busing of school children.

Locally, VANGUARD editor Mary Mertens recently opted to drop the classified ad placed by a group calling itself the "Alpha Circle" which sought students to form a White Student Alliance and listed a White Power Hotline telephone number. The VANGUARD staff's objections to the views expressed in the hotline message prompted Mertens to drop the ad.

Not having been instrumental in dealings with the VANGUARD, Shaw, of the Alpha Circle, declined in the interview to comment on rumors of litigation stemming from the newspaper's refusal to honor its ad contract with the White Power group. Mertens has said she will bring suit against Alpha Circle members for referring to her as a "mental midget" in one of their hotline tapes.

Shaw also declined to have his photograph taken during the interview. He did, however, agree to share his views, although he stressed that he was giving his opinions and not speaking for Alpha Circle, the White Power group that now has a foothold in Oregon. Those views, he asserted, reflect the philosophy of White Power groups now organizing nationwide.

In preparing this article we first solicited information from the Alpha Circle group. The packet we received contained an issue of ATTACK, edited by William Pierce, a former professor at Oregon State University; a reprint of an article asserting that the national news media is controlled by Jews; a description of Alpha Circle as a "clearing house" for information about White Power and the "dispossessed" White majority. The Alpha Circle also provides a list of more formally-organized White Power parties operating on a national level, including the Ku Klux Klan. Many of these groups publish periodicals.

Once we tracked down Shaw, he co-operated in our efforts to question him, although other members of Alpha Circle remained elusive and unapproachable for comment.

VANGUARD: How would you define the goals of your group, the White Student Alliance?

SHAW: The goals of our group are long-range goals. We're not looking for any quick and easy solutions. We are not looking to next year for the solution or to the next election. We intend to achieve our goals through the process of consciousness-raising, raising our self-awareness as a race and of what little niche we occupy in the universe or in the process of evolution. Through consciousness-raising we can become a very big force. Minority groups seem to be doing this. The women's liberationists, lesbians, homosexuals and stuff do the

same thing and some of them even call it that, by telling themselves over and over again — for instance, the women's libbers — that they have been exploited, that they are seen by male chauvinist pigs as sex objects. By telling themselves this over and over and over again, they have become obsessed with their mission and their identity. In fact, they give the impression they are bigger than they actually are. By becoming obsessed, they have been able to increase their potency far beyond their numbers. We believe we can do the same thing and that's what we're trying to do. The reason we're trying to start a White Student Alliance here at the university is to raise the consciousness of White Americans to these ends.

We need a spiritual or religious, if you want to call it that, basis for political and racial struggle. No political organization or movement by itself will do us any good until we get our souls back as a race. That's why the long-term, spiritual method is absolutely necessary and unavoidable.

VANGUARD: Where do you expect to find this spiritual or religious basis?

SHAW: It comes from within. We look at ourselves as a race and see what we've done in the world. We believe that we are at the forefront of the process of evolution. In other words, that Our Race is Nature's finest creation. Soon, man will stand on the threshold between mortality and immortality. The process of evolution is a never-ending, upward path. It is our mission to achieve this and to cross this threshold. This is a very long-term thing, as I said, we're not looking for any quick and easy solution. There are many of us, myself included, who are willing to work our entire lives only to achieve small gains. There will be more than small gains, of course. Another important thing is that we want a society based on natural laws; a healthy society, a society that is harmonious with its environment. This kind of society is a racially-homogeneous one, a society that reflects the character of the people. It embodies their character, their peculiarities.

VANGUARD: Within Portland State, how have you attracted members? What have you done to establish yourselves on the Portland State campus?

SHAW: Well, we haven't established ourselves on the Portland State campus. We have leafletted, we have passed out copies of ATTACK, the newspaper published by the National Alliance in Washington, DC. We've put an ad in the VANGUARD newspaper, in the classified section, advertising for students to help form a White Student Alliance. We have established a White Power Hotline, the number of which is stamped on all of our leaflets and newspapers, and so forth. We have received numerous letters from interested people, most of whom agree with what we have to say, but who are reluctant to come out with it. We get letters all the time from people saying, "yeah, yeah, I agree with you," and we tell them "Why don't you come out and say it?" Well, they don't want to do that, see, because they don't want anybody to think that they are "racists". It's okay for the minorities to do that, when they do it, it's called "Black Culture" or "Chicano Culture".

VANGUARD: Do you regard the terms "racist" or "racism" as ones perceived by our society as only negative?

SHAW: Yes.

VANGUARD: Do you perceive them differently?

SHAW: Yes. My opinion is that racism is natural. It is natural for organisms to

discriminate between their own kind and another kind and to favor their own kind. This is particularly natural among human beings. What are we going to say — that all the peoples that lived in the past were bigots or something like that because they discriminated? Racism is natural and the one thing I'm trying to get across to my people is to openly identify yourselves as being racist. The minorities, although they don't admit it, are very racist, the Negroes in particular. They have very healthy racial instincts. It's a very healthy characteristic. The lack of racism, the lack of discrimination, ultimately leads to miscegenation, which leads to lack of identity, which leads to nothingness. Lack of identity is what is responsible for alienation. It is the feeling of not belonging to anything and this is the product of racial mixing. Subsequently a decaying civilization results. We view certain things in this society as symptoms of a decaying civilization — homosexuality and equally so, the toleration of it.

VANGUARD: What do you list as a membership for either the White Student Alliance or Alpha Circle?

SHAW: Well, we have a few members who are committed, but we haven't acquired any new prospects. Like I said, we're not looking for any quick and easy solution. I am prepared to do this my whole life and I am going to.

VANGUARD: When you contact people by mailing out letters containing information about your group, do you identify yourselves in those letters?

SHAW: I do not carry on the correspondence personally, but I suspect not.

VANGUARD: For a reason?

SHAW: Well, obviously, our ideas are extremely unpopular, particularly in a university environment.

VANGUARD: What explanation for that do you give?

SHAW: The constant bombardment in recent years through the educational media of the equalitarian, liberal, humanitarian philosophy as being true. It is a philosophy we disagree with, but others hold it almost religiously.

VANGUARD: You feel it is more prevalent within a university?

SHAW: Of course, because the so-called intelligentsia has been intimidated so much by the left-wing power groups that they're almost afraid to teach anything else. This is coupled with the fact that the education systems are just lousy with Marxists.

VANGUARD: Owing to the unpopularity of your groups, do you see yourselves as a necessarily clandestine organization?

SHAW: Clandestine only because we're in a small town. Organizations like ours in other cities are not clandestine at all. They're very open. A lot of this has to do with the degree to which people are committed.

VANGUARD: In how many cities across the nation are these groups operating? Is this effort nationwide?

SHAW: Yes, it's a nationwide effort, it's a worldwide effort. There are White Power groups in every western European country, several in the United States.

VANGUARD: From the sound of the title, the National States Rights Party might have different, possibly political, goals. Is this correct?

SHAW: The goals are similar. They are all racialist, but the NSRP uses as their philosophical basis Christianity, which we regard as a disease.

VANGUARD: Do you feel charges of neo-Nazism made against your group are incorrect?

SHAW: We don't really care what label is put on us. The main thing is that we are against miscegenation. We despise Marxism and we recognize the fact that there is no middle ground with the Marxists. There is no moderate position. You either kill them or they kill you. Hopefully, someday we will act according to that fact.

VANGUARD: How would you carry out your racial policies if you were in power?

SHAW: There are different ideas on this. Some groups are in favor of the physical separation of some racial groups from ours, others are in favor of leaving some others. For instance, the NSPA of Chicago has as a part of its platform the complete removal of all non-Whites from the North American continent, excepting only the American Indians and the longstanding Chinese and Japanese communities. Others demand the complete removal of all non-Whites from the North American continent.

CORRECTION: Readers of our January issue pointed out that the year is 1977 and not 1976, as we alleged. Our excuse was that we liked 1976 so much, we thought we'd "play it again,Sam".

Good news: There is no need for our readers to invest in an Oxford unabridged dictionary. "Organizizing" does not exist, although it looks pretty formidable. The word should be "Organizing".

ACTION REPORT

Comrade Allen Vincent reports further NS organizing activity in the San Francisco Bay Area of California. Moving into an area of racial confrontation, that is, relevance, the local White Power activists got out the White Power Message to those most recently affected by Black imperialism, specifically, White high school students who are just learning that Blackie wants a piece of their turf AND a piece of their hide. Needless to say, Big Brother made his presence felt in the form of police helicopters and all the other paraphernalia of police state pressure.

Nevertheless, the local Storm Troopers were not intimidated by the show of force and continued to exercise their lawful rights of distributing their informative literature.

Despite all the jewsmedia attempts to editorialize that Whites really like integration shoved down their throats and that they "understand that integration is for their own good", it is becoming obvious that the truth is just the opposite. Keep on pushing, kikes and nig-nogs! You're making our schools into real "Nazi" factories and we really do appreciate it. We hope you'll be around to accept our "thanks" on White Power Judgement Day.

NATIONAL SOCIALIST MOTHER

by Mary Carr

Fifteen years ago and five children, when rumblings of doubt filled my mind from the filthy hand of Jew mind-control, I saw a great man on television. He was tall, powerful in mind and his message started me on the road to National Socialism. This great man was George Lincoln Rockwell. He said what I had thought for years, but didn't quite put together: That Jew domination and subhuman races were trying to destroy the White Race. That day, fifteen years ago, I told my husband that I must become a National Socialist.

Three years ago and fourteen children later, I was given the opportunity to put into practice as often as possible the values of National Socialism. It has meant many sacrifices, such as children being beaten, broken bones, concussions, broken windows, damaged cars, etc. But this only encourages a National Socialist to fight all the harder to convey the White Power Message to his fellow Aryans that we must start working and fighting for survival. It is only through the baptism of persecution on the part of ignorant Whites, media Jews and savagery from subhumans that we can see the

everyday relevance of National Socialism. To believe is one thing, but to live according to your beliefs requires a far stronger person. By overcoming difficulties, we National Socialists may become stronger. It is worth our very lives to ensure that the White Power Message will be passed on so that Our Race may continue the fight until it has made the world safe once again for White people.

"Sure, I'm NS," many tell me, "but I don't have millions of followers or even one panzer division. What can I do for National Socialism?"

There are many opportunities for the NS activist and here are some important ones for the NS mother:

(1) Reproduction of Our White Race to ensure its future. Not just one or two children, but enough to account for those that we may lose through natural or enemy causes. This business of listening to Jew psychos telling us there isn't enough room in the world (for Whites), it's not healthy to have but two; a woman may not be able to take the pressures of several children: This is planned Jew genocide of the White Race!

(2) Choosing to run for political office. In my case, last year, it was for Marshal of the City of Black Jack. In a year and a half, it will be for Mayor. The Swastika will be displayed in Black Jack like the satanic star of David in Tel Aviv.

(3) Go out on street activities. Get acquainted with your White neighbors. Watch the enemy's reaction when they see and feel the mighty Aryan Spirit which is soon to overcome them. Picket on relevant community issues. Attend community meetings, lectures, particularly Marxist ones. Show up on peacenik perambulations. Let the public know that we are here and that we mean business. It is of utmost importance that you join in community activities as a National Socialist. Let the people know that along with diaper changes, feeding spouse and offspring, doing housework, you have the energy to get out and convey the White Power Message that the next and best government will be National Socialist. If you know you are right, you cannot be intimidated.

(4) Don't fear for your own life. Your death is certain, one way or the other. How much better it is to meet death on the battlefield instead of the scrap heap! If one is afraid to fight, one is just plain afraid to live. Such a squirming maggot does not deserve the name White. It is certainly true that the coward dies a thousand deaths. If we are brave and realistic, we know that we have just one and if, by our sacrifice, we help Our Race — our children — survive, then we have captured eternity.

(5) Study the lives and works of our brave White martyrs, those who were empowered to reveal to us by words and action what we must do to remain a free and mighty race. Follow their examples of perseverance, honor and integrity. Follow their examples for White Power and White Victory!

PERSECUTION, ANYONE?

On Christmas eve, 1974, a National Socialist family in Spruce Pine, North Carolina was attacked in its own home by armed Zionist thugs. Frank Braswell, a truck driver who had been active in National Socialist organizing in his area for some time, was called from his house by a Mitchell County, North Carolina, deputy sheriff named Paul Wheeler, who was parked in the Braswells' driveway.

Braswell, who was expecting trouble, went out to talk to Wheeler, but took along a 12-gauge shotgun, "just in case". Taken aback by the shotgun, Wheeler talked inconsequentially with Braswell until the National Socialist turned and started walking back inside, whereupon Wheeler pulled out his pistol and shot Frank Braswell in the back. At the same time, half a dozen or so other racial renegades concealed in the surrounding brush and pine forest opened up on the house with a fusillade from their rifles, shotguns and pistols.

Comrade Braswell managed to regain the shelter of his livingroom and he and his wife, Pat, who was pregnant at the time, switched off the lights and returned the fire, Frank with his shotgun and Pat with a rifle. The gun battle lasted for nearly an hour before the attackers faded away, disappointed that these "Nazis" were not as easy to kill off as those in the movies. Although Frank was wounded twice, neither Pat nor any of the children were killed or injured, no thanks to the raiders.

The Christmas eve ambush was neither the first nor the last assault on the Braswells by racial renegade elements. Comrade Braswell had been upsetting local reactionaries by his persistent activism and his White Power Messages, in which he denounced local race-mixers and fraudulent 'patriots-for-profit'. Moreover, he criticised local real estate agents who were assisting Jew land speculators in grabbing up beautiful mountain areas, one such kosher acquisition resulting in the formation of an "arts & crafts school" which was the focal point for degeneracy and leftist activity in Frank's area.

On several occasions before the Christmas eve attack, Comrade Braswell was shot at from ambush, once with a bow and arrow! He was subjected to repeated legal harassment from the local police (should we support them?) and during his frequent absences from home while truck-driving, his wife and family received "special treatment" on the part of the enforcers of Zion. The Christmas eve assault was, in Comrade Braswell's own words, "nothing short of attempted mass-murder. There's no doubt whatsoever in my mind that they meant to kill me, Pat and the kids and then probably burn the house down to cover up their tracks."

The attack was obviously well-planned. The Braswells' phone was on a party line and one of the conspirators who was on the same line took his phone off the hook, thus making it impossible for them to phone for help. All the attackers had carefully-planned alibis and even after local gossip fingered them all, it proved impossible to have them arrested and tried for their attempted butchery in the hills.

The guilt of Deputy Paul Wheeler, however, proved impossible for the authorities to ignore and eventually, he was convicted under a North Carolina statute against "firing into an occupied dwelling", the court choosing to ignore the whole issue of attempted murder. Wheeler got eight to ten years in prison and the Mitchell County District Attorney refused to investigate further, declaring the case "closed". The district court judge refused to order any further enquiries. Frank Braswell appealed to the State Attorney General's office and a Jew spokesman for the Attorney General told him over the phone that "he

hoped they killed us next time", as Frank later revealed.

In desperation, the Braswells appealed to the federal authorities on the grounds that the state courts had violated their civil rights. The federal marshal in Asheville investigated, found action warranted and applied to Washington DC for a warrant to arrest those involved. The warrants were denied. Again and again, US Government representatives on the scene have appealed to the US Attorney General's office to arrest the Braswells' attackers and each time, the stooges of the Jew Attorney General have refused point blank.

In July 1976, the Braswells obtained a writ of mandamus from a federal judge ordering indictments against the six remaining attackers. The indictments were drawn up, served and vanished into the morass of the "jewdicial system". They are officially listed as "pending" and have been for over six months.

Denied their legal rights on the one hand, the Braswells have had to face an escalated program of harassment from every conceivable quarter. Their well was poisoned, twice, by "persons unknown", which forced them to abandon their isolated farmhouse and move into a trailer park closer to town. Frank's ex-wife, Gustine, has been repeatedly bribed to bring harassing legal actions against him and the agents of the North Carolina State Bureau of Investigation admitted as much in an open court hearing! In September 1976, Frank was arrested at his home and hauled away by deputies who threw him into a prison camp near Hendersonville, North Carolina, on the strength of an order alleging that he had paid his ex-wife "insufficient support". How he was expected to pay her adequate and sufficient support from a prison camp was never explained. The original order was more sinister in nature, as it would have sent Frank to the infamous Central Prison in Raleigh, one of the most notoriously brutal and niggerized lockups in the Jew-Nighted States. Fortunately, a combination of sympathetic arresting officers and lack of transportation resulted in his consignment to the Hendersonville labor camp.

After two months of detention, he was finally released, but only after he had severely injured his right hand while working in a slave-labor battalion. The North Carolina Corrections Department routinely "hires out" its charges to private firms and so, has good reason to keep the prison camps full!

Frank has instituted legal action against the so-called Corrections Department for false imprisonment, only to find that the Department states in official correspondence that he was never imprisoned at all! This case is also "pending".

The threats and harassment continue. Frank is unable to resume work in the factory where he was previously employed because of his injured hand and his attempts to obtain Workmen's Compensation have been fruitless. He is constantly being hauled into court on trumped-up pretexts ranging from more "insufficient support" to "pointing a gun at a deputy".

"It's pretty bad, sometimes," says Pat. "I don't dare go out to the grocery store without a gun. I worry about the kids in school. I think they tried to get me once: Frank's ex-wife, Gussie, wanted to see me over at her house, alone. We never know what's going to happen next."

"Some things have come out, quite by accident," comments Frank. "I accused the area FBI inspector of setting me up to be murdered and he denied it vehemently. In his anxiousness to prove his own innocence, he leaked the fact that the FBI had been ordered to put a publicity blackout on the case!"

The facts would seem to bear out this assertion. The original shooting was mentioned briefly in the papers in Asheville and Winston-Salem, for no other reason that it was pretty difficult to say nothing about a 45-minute shootout and a badly-wounded man. The local jewsmedia, normally gushing in diarrhea-like superfluity over the minutest detail of a gory accident, now became quite constipated in its reportage, providing only the most minimal coverage of the subsequent court proceedings and no details at all regarding the attack. So much for the press and its duty to inform the electorate! As for the other media,

neither television nor radio would make the least mention of this undoubted news item, save for one local radio station, WKYK. The owner-manager of that station reports harassment and phone threats.

At present, Frank and Pat are unemployed, virtually broke and still snowed under a mountain of legal writs, court cases and bureaucratic red tape. Although they were affiliated with the NSWPP of Arlington, Virginia, they have received no assistance whatsoever from that quarter. In the spirit of White Solidarity, however, they have received protection and assistance from time to time from the North Carolina Independent Knights of the KKK, including armed escorts to and from courtrooms packed with friends and hirelings of the attackers. Now, the Braswells, true to their National Socialist ideals, are associated with the newly-formed National Socialist Party of North Carolina.

"We try to give them all the help we can," said NSPNC State Organizer, Robert C. Lowery, "but they're so far back in the hills, we can't keep men there all the time."

Lowery himself has spent many weekends at the Braswell home, taking turns with Frank on sentry duty while the family sleeps, watching the dark pine forest for movement.

"We always send somebody up there, though, whenever Frank has specific reasons for expecting trouble, like another court case, for example," said Comrade Lowery.

It has been going on like this for two years and the Braswells' persecutors show no signs of letting up.

Editor: It's almost a textbook example of what not to do in the struggle for White Power. First: Do not isolate yourself from comrades whom you can support and who can support you. Certainly, it is folly to surround yourself with enemies and separate yourself from your friends. That's what the ancient Greeks called "hubris", the pride which annoyed the gods and set up the foolish mortal for a big fall. You don't have to believe in the Greek gods to understand how this works — just ask your insurance actuary! Secondly, a grave tactical error is being made: White Power activists must be mobile. There are so few of us that we cannot afford to defend a fixed position. Once we become immobilized, the enemy can zero in on us with everything they've got. Worst of all, it puts us on the defensive by giving the enemy the initiative.

Come down from the trees, Comrade Braswell, before they become your coffin!

ZIONIST AUTHORITIES SUPPRESS NS PIONEER PRISONERS GROUP

Comrade James Parker of Moundsville, West Virginia, reports the suppression of his White Power activist group in the state prison. He and his comrades are National Socialists, however, so it will not be possible to suppress The Great Idea. Keep up the good work, Comrades of Moundsville. We look forward to meeting you on the outside, in this Jew concentration camp called the USA.

JEWISH RITUAL MURDER IN ARGENTINA — NS MAN ACCUSED!

Three boys were playing on a streetcorner in one of the suburbs of Buenos Aires around six o'clock on the evening of December 2, 1976. They scarcely paid any attention to the car which stopped beside them and the red-haired Jew in his forties who got out and approached them. His offer of sweets convinced one of the boys, 5 year-old Claudio Quintana, a Christian and a White, to accompany the Jew to one of the orthodox synagogues in the locality.

The next day, police discovered the boy's body in a vacant lot near his playground. The body showed signs of punctures from stiletto-type instruments,

sexual violation and was entirely drained of blood.

In consequence of Jewish accusations, the police arrested German Second World War veteran and National Socialist, Heinrich J. Muerk. Comrade Muerk lost his wife and son during the war and lived a solitary, vegetarian existence in the neighborhood where the boy's murder occurred. He lived quietly on his German Government pension and was notable for nothing else than growing his own vegetables in his small garden. Although he was a National Socialist, he had nothing whatsoever to do with local NS groups, preferring to remain aloof and solitary. For this reason, the Jews knew he was vulnerable. As it was, several days went by before his fellow National Socialists discovered his arrest and then, only from the newspaper reports.

The local police were under extreme pressure from irate and fearful parents, not only because of the boy's murder, but because of the terrible fiendishness on the part of the crime's perpetrators. Even more so were they under pressure from the Jews who wished to absolve themselves in advance for this ritual perversion which they have practiced continuously since the days of ancient Babylon. Thus it was that the police were anxious to have a confession, any confession, and they were not at all concerned who would acknowledge this diabolical crime, as long as someone did.

Thus was Comrade Muerk subjected to the vilest interrogations imaginable. He literally suffered the torments of the damned: first the brutal beating, then the slow electrocution of the latest 20th century torture devices. But Comrade Muerk would not confess to this terrible crime, even to save himself further torture. To top it all, his interrogation during the pretrial hearing satisfied the judge of his innocence and he was ordered released.

Because he was terribly ill from his tortures, Comrade Muerk was hospitalized for sometime in the German Hospital of Buenos Aires. In truly talmudic 'justice' we see how the innocent suffer as scapegoats for the guilty. The Jews will continue to crucify the Aryan Race as long as we let them.

But this was not the end of the talmudic trail of terror! On December 10, 1976, in another suburb of Buenos Aires, police discovered the body of a second Gentile victim, Adrian Perez, four years old. Like little Claudio, his body was perforated, violated and bloodless.

Again, the hue and cry, but this time — no suspect! Comrade Muerk had the perfect alibi, for at the time little Adrian was being foully murdered, the police were torturing him for a confession! As usual, the crime goes unpunished, the

murderers free to kill and torture again and again to procure Gentile blood for their synagogues of satan.

A WHITE POWER BOOK REVIEW

By Eric Campbell

FOR MY LEGIONARIES by Codreanu, Leader of Romania's Iron Guard, now available from White Power Publishers, Reedy, W.Va. 25270 for $6 plus fifty cents postage.

"And if it is a despot you would dethrone, see first that his throne erected within you is destroyed." Philosopher Kahlil Gibran.

"Corneliu Codreanu... revealed to me that if nations are to be reborn, they must start with their own innate qualities and their ancestral outlook on life.

"The Fascists, as descendants of the ancient Romans, who were the creators of the Law and of an unsurpassed state organization, naturally had the ideals of the Roman magistrates and necessarily gave attention to the formal juridical aspect, so that they were like individuals who first of all take care to clothe their bodies, while the Germans, deeming themselves the most authentic representatives of the ancient Indo-Germans and admirers of racial purity, gave special attention to the blood, namely to the biological element. We, descendants of Latin stock grafted onto a Thracian trunk, were prevented by history and by time from carving out for ourselves an early state, with the result that our concept of legislation per se was limited to religious precepts, the laws of Christian morality constituting the law of our land in its entirety, so that we Romanians were preoccupied with the soul." The aim is "to transform the legionary into a new man." Thus, we see by these words of the writer of this book's introduction, a man who was a close friend of Codreanu, that we are approaching the question of national renaissance from a unique, but no less valid point of departure.

Truly, this book is an adventure of the soul, a patriot's version of "Pilgrim's Progress" in a Romanian setting. To the extent that the Jew is the incarnation of all that is evil within ourselves, Codreanu's emphasis on the individual's spiritual housecleaning is of the utmost importance, especially for those of us who are inclined to be overly impressed by outward appearances such as banners, insignia and uniforms. But for those of us concerned with the practical application of the means necessary for the White Man's racial renaissance, the lesson set forth at every turn is inescapable: that all three qualities — law, race and spirit — must be combined.

This is much more than the exciting saga of a great White Nationalist and Patriot. It is a roadmap indicating all of the most important pitfalls on the path of national recovery and reconquest from the Zionist occupation forces. More than this, it is a lesson for all of us who wish to see Our Race win back its place in the sun which we have so unthinkingly given up to alien domination.

Codreanu points out the failings in our midst, the perennial human defects which plague any movement: jealousy, cowardice, treachery, short-sightedness and, above all, the inability to fit tactics to strategy — in other words, poor leadership. Codreanu himself discusses the extreme difficulty of finding great tactical and strategical ability in the same person.

Particularly important for our own understanding in today's struggle for White Survival is the vicious and cowardly role played by the Jews' hirelings, the racial renegades of government and law enforcement who do not shrink from breaking their own laws in the interests of their Jew masters. In the coming struggle for White Liberation, we must be aware that we, the freedom-fighters of Our Race, will have no rights whatsoever and that we can expect to receive the

most brutal treatment imaginable at the hands of our Zionist captors. Codreanu's example is cruel, but honest: That it is stupid to allow oneself to be taken alive. How many of us will perish, physically and spiritually, agonizingly and disgustingly before this lesson is learned?

Codreanu shows us vividly that we in America have been playing games while our racial enemy wages total war against us. Play-time is over, kiddies.

Editor: Readers interested in following the hideous course of postwar Communist conquest and subjugation of Romania should read "THE ANTI-HUMANS" by D. Bacu, available from White Power Publications for $5 plus 50 cents postage and handling.

THE HITLER WE LOVED & WHY by Christof Friedrich & Eric Thomson, coming soon from White Power Publications, $5 plus fifty cents postage.

No Jew should be without this one! Nor should any White person. Here it is — lovingly-compiled — Adolf Hitler and his people revealed in pictures with captions so expressive, they are pure poetry.

This is a classic work in every sense: It belongs not only to this age, but to the ages. It is only a pity that Dr Goebbels did not make such a book available to the English-speaking world before the Jews inflamed us into the second fratricidal war against Germany.

There is no doubt about it, Hitler was well-loved and loved in return, but this relationship between the Leader and his people was not the gushy, sickly-sweet effusion of an obese Jewish mother for her pimply, draft-dodging son. This was Aryan love: strong, steady and uplifting. This was pure love, unadulterated with any hint of Freudian depravity, love which sustains life and allows it room to draw breath. This was not the perverted "smother-love" which strangles and stunts the growth of its recipient.

Those who read this book will learn much about Adolf Hitler and his people. In addition, they will learn much about themselves.

SECRET NAZI POLAR EXPEDITIONS by Christof Friedrich, now available from White Power Publications for $5 plus fifty cents postage.

Here is a book you can get your teeth into, provided the frostbite does not hurt your gums! No airy-fairy von Daeniken what-ifs becloud this book. These are facts, nothing but the facts. Yet, the factual material is presented in such a way that the reader is made to feel himself a part of the action and action there is, aplenty: Man against the mighty elements, the great fear of the unknown and man against man — White brother versus White brother — one in the service of his race, the other obedient to his Jew masters.

Most important of all, this book reveals that World War II is not yet over and that the winners may not be the ones shown on the scoreboard of present-day history books. Hitler's Last Battalion is marching still!

As usual with any Christof Friedrich book, there are lots of excellent and rare photos, scientific research maps and charts and plain, good reading. Once you pick up this book, you won't put it down until you've read and reread it from cover to cover. With books like these, the purveyors of the printed word need have little fear of losing their readers to television.

THE HOAX OF THE TWENTIETH CENTURY, by A.R. Butz, 315 pp., $6.00 from WHITE POWER PUBLICATIONS, Reedy, W.Va. 25270.

The Jewess, Hannah Arendt, referred to 'the banality of evil' in regard to Adolf Eichmann who, after weeks of Zionist brainwashing, 'confessed' his prefabricated 'guilt' of overseeing the transportation of 'millions of Jews to their doom'. As a coiner of phrases, she might well have described the 'sinister aspect of innocence' had she known the truth and possessed the honesty and courage to make it known.

Professor Butz, like the intrepid historian, Harwood, has the truth and has risked everything he holds dear to tell us what really happened in the so-called death camps of the Third Reich. No fact is omitted, no Zionist allegation left unexamined and yet, this book is well-organized and very readable.

Yes, Golda, there were gas chambers! There were crematoria and there was Zyklon B! But none of these things were used the way we were made to believe they were. How diabolic the mind which can turn good into evil!

Any successful hoax must have some factual basis, otherwise it will fall flat and no one will be suckered. Even phoney goldbricks have some heft and glitter, otherwise the prospective fish will not bite. The Jews are the master con-artists of all time and their six million swindle is almost as profitable to them as their U.S. Federal Reserve racket.

The myth of the six million, however, is the biggest Jewish lie since communism which the kikes concocted in the last century. Like all really big lies, The Hoax of the Twentieth Century leaves the honest reader breathless. He is awed at the unbelievable arrogance of the Jewish liars and at the unbelievable laziness of White Americans who would rather drop bombs on their racial kinsmen than face the really hard task of THINKING. But to identify the Jews as all-time liars is nothing new. Christ tried to warn us about them when He revealed that the Jews were the children of Satan, the Father of Lies. It's high time we White people heeded the warning, don't you think?

A MAN CALLED INTREPID, by William Stevenson, an outrageous Jewish rip-off unobtainable from WHITE POWER PUBLICATIONS. Reviewed by George Crawford.

Crawford?

For many years we have waited for an in-depth account of British Intelligence during World War II. We are still waiting. William Stevenson has recently added to his love-the-Jews series by this latest excretion. Pulp anti-Nazi, anti-German drivel describes the contents and yellow journalism describes the style.

From the pitiful maps showing the existence of Israel in 1938 to the inferior quality of research proclaiming the capture of the Channel Islands on Hitler's 52nd birthday, to the transparent lies on par with the labelling of the America First Movement as 'notoriously pro-Nazi', we are able to judge the quality of this book. There may be some revealing truths in all the garbage, but the reader would have to put in far more conscientious effort to discover these than did the author when he wrote this book, which was supposedly based upon recently-declassified 'archives'.

A great deal of the material is an inferior retelling of previously published material. The core of it is the character of the far-seeing Sir William Stevenson, whose "compassion and shrewdness in assessing Germans during World War I" led him to "refuse to dismiss as propaganda the reports of German atrocities". The author's intellectual 'honesty' is revealed, as well as his degree of historical knowledge by his total disregard of the formal apology made by British Prime Minister David Lloyd George to Germany after that war which was the occasion

of these same propagandised 'atrocities'. It is a revealing attribute of Prime Minister Churchill's character that he did not make the same honorable apology after World War II.

Sir William was repeatedly warning Europe of the discovery that Stuka bombers were being built secretly in German lawn-mower factories. Anyone who knows anything about assembly lines can do his own interpretation of that fairy tale. In fact, Stukas were being built quite openly in aircraft factories. The Germans were technological wizards, that is true, but even they were bound to follow reasonable production methods. Lawn-mowers, indeed!

Sir William is supposed to have had conversations with Kesselring and Milch in which Blitzkrieg tactics were described in detail well before the war. Well and good, except for the fact that such tactics were not approved nor accepted by the German General Staff until their plan for a conventional invasion of France fell into Allied hands and only the 'far-out' Blitzkrieg schemes of Guderian remained. The new tactics of deep penetration of armor accompanied by air cover which acted as highly-mobile field artillery was not in vogue until its successful demonstration in 1940. Up until the German invasion of France in that year, it is taken for granted that France had 'the world's strongest army'.

The 'Big News' the author has for us is his 'hero's' role in the 'Enigma' code machine caper. Just like in Mission Impossible or The Man from UNCLE, an accident is staged by Sir William's Polish agents. An SS truck carrying a code machine is attacked early in 1939 (before the war) and the Germans, those horrible, self-pitying monsters, think that the machine has burned up. Even with the machine, it takes the longest time to make any sense out of the German messages and even then, people don't always act upon them. Sometimes this is a mistake and other times it is a ruse to keep British knowledge of the machine a secret from the Germans.

Such inconsistencies are only to be expected from such a ramshackle literary effort, but one begins to doubt the existence of the 'Enigma' machine itself, at least the one which was supposed to have fallen into British hands, on discovering so many falsehoods, distortions and fictions which stem from the author's imaginative ability rather than his factual resources. One cannot take any statement at its face value amid such a cloud of inaccuracies. The book has the self-serving stamp of approval from several intelligence agencies, which makes its content even more doubtful.

Let us assume that the British did know the top secret German code messages for the duration of the war, thanks to their stolen 'Enigma' machine. How then, do we account for the British defeat on the island of Crete? If the British had known about the German operational and tactical orders, the outnumbered German paratroopers would not have stood a chance. How did it happen that the Allies, including the British, got the surprise of their lives when the Germans launched their 1944 Ardennes offensive? Were the British holding out on their allies and themselves at that late date in order to protect the source of their intelligence? Or did 'Enigma' let the Allies down? Or was 'Enigma', if the British had the machine at all, just an occasional source of intelligence as the odd message was decoded before the settings were changed by the Germans?

Certainly, the British must have had their code-breaking successes, just as did everyone else, but not those claimed in this book. Just for good measure, the author throws in some more 'evidence' of the gassing of the six million Jews, now known to be THE HOAX of the twentieth century, as proved by historian Butz in his book of that name. Obviously, if Stevenson acquired such bogus information via 'Enigma' history has recorded the only machine known to man that had its own literary imagination, a kosher one, at that!

This is a sloppy book, indeed, especially for the gimlet-eyed war historians and ex-intelligence analysts who are likely to read such a book. Obviously, the latter cannot criticise if they are to conform to the strictures of the Official Secrets Act, but certainly the former can spot the logical inconsistencies. Such persons will not be fooled, but lazy members of the public will. So much for the 'enlightenment of our electorate'.

Because of so many errors and contradictions the book fails of its major purpose — the protection of high-level traitors to the Third Reich. High-level traitors did exist and not all of them were involved in the bombing plot, nor were they brought to justice either by their people's courts or the tribunal of Aryan history. It is a sad fact that some trusted Germans were betraying their country and their race. It wasn't just Admiral Meyerbeer, alias Canaris, whom the author chooses to attack, for reasons known only to himself. There were others, and it is to protect these traitors that this smoke screen has been spewed out.

On the positive side, the book describes Roosevelt as the greatest secret agent of the war who feared impeachment for his traitor's role in the pre-Pearl Harbor plots. Garbled suggestions are dropped here and there that Roosevelt was trying to get Japan to attack the United States. Even the Lusitania (sunk in 1915) surfaces for a moment to haunt the traitors who pushed us into war. It was, despite the vehement denials of the British Admiralty, a munitions ship after all.

The Machiavellian machinations on the part of the 'democratic' Allies in pushing Yugoslavia into the hands of the communists is plainly revealed. The Yugoslavian people were used as pawns by Allied agents who instigated and supported terrorism behind the lines, in clear violation of the Geneva Convention, in order to goad the Germans into making reprisals. So much for 'democracy's respect for law and human life'! Tito and his communist brigands are eulogized as "saving civilization from the 'Nazi' nightmare". No mention, of course, about saving civilization from the Soviet communist nightmare because the Soviet Jewnion was our noble ally. With friends such as these, we do not need any enemies.

I only hope that history will some day be protected from such liars. May the God of Our Race grant that I never have such a biographer!

SEX VERSUS CIVILIZATION, by Elmer Pendell, PH.D., 239 pp., $1.25 from WHITE POWER PUBLICATIONS, Reedy, W.Va. 25270.

At last the seeker of knowledge can obtain a capsule summary of the major problem besetting the crew of Spaceship Earth, no less informative for its readability and compactness. Dr Pendell gives us the hard facts on human genetics and Mother Nature's nasty remedies for eliminating surplus numbskulls.

He illustrates with stark simplicity what Nature has been trying to teach us all along about our survival as civilized human beings. In terse statements and straightforward diagrams he reveals the essential wisdom of a lifetime of investigation. We see stripped bare of the superficial distractions of human history the rise and fall of White civilizations from ancient times to the present day — history as Nature sees it — in which Man is an organism, a life form, which survives or perishes according to his inherent capabilities and limitations. We see how he survives and how he perishes, and how Man has learned nothing whatsoever about the preservation of his civilizations as long as he has been on this globe.

With a great deal of patience and a dash of wry humor, Dr Pendell spells out

for us how we may obey Nature's Law of Survival and save our present White civilization from collapsing into the ruins of another Dark Age.

This book is a survival primer for young and old. It merits reading again and again as an antidote to the constant doses of judeo-liberal curare administered to us by the quacks of the jewsmedia and public schools. Learning Nature's lesson from Dr Pendell is far cheaper than letting Nature do the teaching. She charges steep tuition fees, indeed.

I confess that I was somewhat turned off by the title which seemed to indicate that it was a pseudo-moralist tract of the type which inveighs in shrill tones against the evils of sex while hypocritically slobbering over the salacious details in the best kosher conservative tradition. Evidently, this is what a certain preacher thought as he drooled over it, only to recoil as if he had inadvertantly touched a serpent.

"Burn it!" he howled. "This book is EVIL!"

The businessman of God was a congenital cripple, as were his children, and he was upset that eugenics was promoted by Dr Pendell. The inference that genetic cripples, mental and otherwise, had no claim on the earnings of non-cripples was most upsetting to him. But most horrifying of all was the prospect of a world without the deformed and the retarded. Yes, a world full of healthy people is frightening to some characters.

Regardless of clerical queasiness in certain quarters, Dr Pendell has good news for the White Race: Evidentally, we hold a virtual monopoly on intelligence since we are the world's problem-solvers, par excellence, as attested by our awesome ability to support so many of the planet's dusky problem-makers. The fact that we have succeeded so well in our solution of the most immediate problems of mankind is now a problem in itself. Pendell suggests that we shrug off our burden before our own strength gives out (as happened with all previous White civilizations). We owe it to ourselves and to our children to look after our own interests in order to avoid falling into the same charnel heap as the moribund millions who merely feed and breed.

If our class refuses to learn Nature's lesson and flunks out like all previous White civilizations, Nature will not close her school. It is unlikely, however, that She will get any more pupils after this term.

BRAIN-WASHING, A Synthesis of the Russian Textbook on Psychopolitics, Introduction by L. Beria, former head of the Jewish-dominated Soviet Secret Police, 64 pp., $1.50 from WHITE POWER PUBLICATIONS, Reedy, W.Va.

This book is especially relevant in these days of mind-distorting drugs, induced insanity and 'mental health' campaigns, because it describes with clinical exactitude the methodology of madness. The starkly simple, callous manipulation and coercion of the human mind is described in horrific detail. This book is undoubtedly one of the most expensive ever written, for the knowledge it contains was purchased at the cost of destroying untold thousands of human minds in Soviet laboratories.

The most horrifying aspect of this treatise is not so much the madness, but the systematic application of scientific techniques to induce a form of madness which makes the individual an unconscious tool of alien masters. There is no James Bond drama here, no contest, no struggle of wits on anything like equal terms. The outcome is certain as soon as the electrodes are put into place.

The undeniable fact that the results of psychopolitical brainwashing can be so devastating and so cheaply and speedily affected is chilling. This book serves to warn us of the need for constant vigilance over our so-called mental health institutions as well as for constant protection for our racial leaders.

This book illustrates nothing quite so much as the fact that the White Man's nightmare is the Jew's dream.

"The State is a means to an end. This end is the preservation and advancement of a community of physically and spiritually homogeneous living creatures. This preservation itself includes, firstly, subsistence as a race and thus permits the free development of all powers slumbering within that race... States that do not serve this purpose are mistakes, nay, monstrosities. The fact of their existence does not alter this any more than the success of a crew of bucaneers can justify piracy... We must make a sharp distinction between the State as a vessel and the race as its content. This vessel has a purpose only so long as it can preserve and protect the content; otherwise it is worthless."

What the WHITE POWER MOVEMENT stands for:

Because we represent those members of the White Race who live on the American Continent, we enclose our ancient racial emblem, the Holy Swastika, in a five-pointed star which represents our country and because we are Americans, we proclaim our patriotism with the colors red, white and blue.

The Swastika proclaims to all that we are Bio-patriots, not Geo-patriots, because we fight for our people and not for a piece of real estate. We do not defend our land, but the right of our people to live on it. Without the White Race, we have no future and the land no value. The Swastika is not a German symbol. It has been the White Man's Symbol from the dawn of time, proudly displayed by the Vikings, the Aryan conquerors of India, Alexander the Great and American presidential candidates. The White Man's Sign belongs no more to the 'Nazis' of Hollywood than does the Cross of the Christian belong to the telephone companies.

The Swastika is our talisman against cowards, weaklings and do-nothings. It is also proof against our racial enemies, whatever their guise. Indeed, it is our secret weapon.

WE OF THE WHITE POWER MOVEMENT DO SOLEMNLY PLEDGE:

(1) To provide the White Majority with a party which represents their interests and not the hidden hand of Zion of which the Democrats and Republicans are merely two fingers.

(2) To unmask the evil face of welfare state socialism and to cast this pestilence from our midst so that we may live in a healthy society.

(3) To unify the White tribes of America, Europe and the world.

(4) To halt our racial retreat from Victory.

(5) To remove the alien exploiters and parasites from our midst.

(6) To break the irresponsible tyranny of organized crime, bloated bureaucracy, big business, big labor and secret societies.

(7) To regain national control of our money from the Zionist bankers of the Federal Reserve.

(8) To re-establish White Law and White Order in a White Society and thereby, to return Our Nation to the path of progress.

(9) To rid our society of crime and degeneracy.

(10) To create a White Society in which our racial virtues of honesty, integrity and responsibility shall be promoted instead of punished.

(11) To protect the family, which is the basis of our society and of Our Race.

(12) To ensure that honest labor and not sterile speculation is rewarded.

(13) To separate the Races into self-governing Nationstates

(14) To provide healthy and productive activities of which our youth can be proud.

(15) To remove alien control from White Culture, which is the source of our spiritual nourishment and from the professions on which we depend in our hour of need.

WITH WHITE POWER
WE SHALL CREATE A GREAT FUTURE.
WITHOUT WHITE POWER
THERE IS NO FUTURE.

JOIN US AND MAKE THE FUTURE GREAT!

It's up to YOU, WHITE AMERICANS

TO TAKE YOUR COUNTRY BACK!
